

Creativity in Clay: Student Ceramic Exhibition

April 7 - July 13, 2006

"yea'bichai dancers" by Carol Lujan, stoneware

The ceramics on display in this exhibition were created by students enrolled in city of Tempe fine arts ceramics classes.

Each year the ceramics program enrolls about 600 students and offers four seasonal, eight-week class sessions ranging from beginner to advanced. Enrolled students have access to a fully equipped studio.

Classes include demonstrations, instructions, discussions and examples of contemporary and historical ceramics.

Beginning students learn the fundamentals of hand-building, throwing and glazing. Continuing students are encouraged to integrate and enhance the technical and conceptual aspects of ceramics. Self-directed projects are encouraged and help is available from the staff.

The spectrum of artwork shown in this exhibition features hand built, sculptural and wheel-throw ceramics. This work illustrates numerous techniques and approaches to surface decoration, such as carving, texturing, glazing and slip application.

Class information: 480/350-5287.

The Post Office Exhibition is an on-going display of artwork by local and regional artists.
