

Tempe Fire Department Policies and Procedures
Fire Code and Amendments
301.00
Rev 10-12-09

The current fire code adopted by the City of Tempe is the 2006 Edition of the International Fire Code (IFC). By Ordinance No. 2009.02 dated the 16th day of December 2008, the IFC was adopted as Tempe City Code (TCC) Section 14-16. Several code sections were amended prior to adoption.

This code shall be utilized by all personnel in inspection or code enforcement functions of day to day activities. Major deviation, modification, exception, equivalency or variance to this code shall be approved by the Fire Marshal or his/her designated representative.

The City of Tempe Fire Department Company Inspection Manual or the National Fire Protection Association Inspection Manual, 7th Edition, may be utilized as a guide in conducting inspections. All inspection reports are legal documents and must bear the code sections violated from the adopted International Fire Code, as amended.
