Section 1-203  Compliance and Scope.

A. Compliance. Land and structures may be used or developed by construction, reconstruction, alteration, occupancy, use or otherwise, only as allowed in this Code. No subdivision plat shall be recorded or no building permit shall be issued without compliance with the provisions of this Code.

B. Obligation by Successor. The requirements of this Code apply to the owner(s) of record, persons undertaking the development or use of land, and to those persons' successors in interest.

C. Most Restrictive Regulations Apply. Where this Code imposes greater restrictions than those imposed or required by other rules or regulations, the most restrictive or that imposing the higher standard shall govern.

D. Variances. Variances shall be governed by the provisions of Section 6-309.

E. Transfer of Development Standards Prohibited. No lot area, yard, landscape, open space, off-street parking or loading area, or other feature which is required by this Code for one use shall be a required lot area, yard, landscape, open space, or off-street parking or loading area for another use, except as otherwise specifically allowed by this Code.

Section 1-204  Conformance with General Plan.

All development, uses, and district changes in the City of Tempe shall be in conformance with the Tempe General Plan as implemented by this Code. All provisions of this Code shall be construed in conformity with the adopted General Plan, and any amendments which may be approved by the city from time to time.

State law reference – A.R.S. 9-462.01(F), Zoning regulations; public hearing; definitions.

Section 1-205  Use of Real Property.

Land shall be used only for lawful uses. A lawful use is one that is permitted by this Code and is not prohibited by law. Part 3, Land Use, sets forth the uses permitted by this Code.

Section 1-206  Pre-Existing Approvals (Grandfathered Approval).

A. Legality of Pre-Existing Approvals. Developments and uses for which approvals were lawfully granted prior to the effective date of this Code, may occur pursuant to such approvals.

B. Subsequent Applications. All applications for uses, development, and permits received by the city after February 19, 2005, including modifications processed under Section 6-312, shall conform to the provisions of this Code.
Section 1-207 Building Permit and Certificate of Occupancy.

A. Building Permit. A building permit shall not be issued until the Community Development Department has determined that the proposal complies with all of the applicable land use and development standards contained in this Code, with the exception of pre-existing approvals pursuant to Section 1-206(A). Refer to Section 4-102(C), Conformance to Approved Plans Required.

For mixed use development in the MU-Ed zoning district, the Public University shall review plans for shell buildings and tenant improvements (for Public University and Public University related uses) and shall not issue a building permit until the Public University has determined that the proposal complies with all of the applicable land use and development standards. For tenant improvements for commercial or residential Uses in the MU-Ed zoning district, a building permit shall not be issued until the Community Development Department has determined that the proposal complies with all of the applicable land use and development standards contained in this Code.

B. Certificate of Occupancy. To ensure completion of a building in the manner approved by the city, the building shall not be occupied and a use shall not begin until the Community Development Department/Building Safety has issued a final inspection or certificate of occupancy. In the case of mixed use development in the MU-Ed zoning district, the Public University shall inspect shell buildings and tenant improvements (for Public University and Public University related uses) for conformance to all of the applicable land use and development standards and shall certify that all construction has been built in accordance with the City Building Codes.

C. Prior to Final Completion. Prior to the final completion of all work, a temporary certificate of occupancy may be issued for the structure or a portion thereof, conditioned upon further work being completed by a date certain and guaranteed, as applicable.

Section 1-208 Official Action.

A. Official Action. All officials, departments, divisions, and employees of the city vested with authority to issue permits or grant approvals shall adhere to and require conformance with this Code.

B. Notice. The failure of any person to receive written notice or failure to post a notice shall not invalidate any actions pursuant to this Code, except as otherwise determined by the City Attorney.

CHAPTER 3 – PERMITTED USES IN OFFICE/INDUSTRIAL DISTRICTS

Section 3-301 Purpose and Applicability.

A. Purpose. The office/industrial districts are designed to provide for office/industrial business involved in research, warehousing, wholesaling, and manufacturing. The facilities range from administrative and research institutions to assembly and production. The office/industrial districts allow a range of industrial uses, as expressed below.

B. Applicability. Industrial uses are accommodated in three districts:

1. Light Industrial District (LID) (previously designated as IBD district). Administrative and research industries, offices, and limited manufacturing to provide opportunities for employment and for protection to neighborhood residential areas;

2. General Industrial District (GID) (previously designated as I-1 and 1-2 districts). Office uses, warehousing, wholesaling, assembling and manufacturing of building materials, machinery and other commodities to provide employment centers and production; and

3. Heavy Industrial District (HID) (previously designated as I-3 district). Intensive manufacturing, fabricating, and storage to provide for concentrated industrial uses.

C. Applicability of Other Code Chapters. Uses permitted under this chapter shall conform to the development standards in Part 4 and the application procedures in Part 6, as applicable. Uses shall also conform to any overlay district requirements that are applicable. Uses permitted with special standards or limitations (“S” type uses) shall comply with the standards in Part 3, Chapter 4, Special Use Standards. Zoning Administrator opinions may also apply. See Appendix H.

City code reference—See TCC §14A, Historic Preservation Ordinance.

Section 3-408 Drive-Through Facilities.

Drive-through facilities shall be designed to minimize conflicts with the pedestrian pathway from the public street and to all building entrances. Minimum width of drive-through lanes at straight-away is nine (9) feet. Drive-through pick-up windows located on the south or west building elevation shall provide shade by means of a building canopy or additional trees alongside the drive lane. When new drive-through facilities are oriented towards the street the following standards shall be provided:

A. All maneuvering drive lanes shall provide for a minimum twenty (20) feet of landscape buffer from the street sidewalk;

B. A screen wall, three (3) feet in height, shall be located along the drive-through lane where building facades face the street and at the menu board, in compliance with Section 4-706(E);

C. A delineated pedestrian pathway with a traffic calming device shall be provided where drive lane intersects the pathway, in compliance with Section 4-503; and

D. Screen walls shall be separated a minimum of six (6) feet from pathway crossing to allow visibility of pedestrians and vehicles.

Figure 3-408 Drive-Through Facilities Diagram
Section 3-409  Group Homes for Adult Care, Persons with Disabilities, and Child Shelter.

Group homes for adult care, persons with disabilities, and child shelters shall comply with the following provisions:

A. Distribution of Uses. No such home or shelter is located on a lot within one thousand two hundred (1,200) feet, measured by a straight line in any direction, from the lot line of another group home;

B. Occupancy. The number of residents is limited by applicable state laws, including any minimum square footage requirement per person, but in no event shall the number of residents exceed ten (10);

C. License. Such home is licensed by, or certified by, or approved by, or registered with, funded by or through, or under contract or subcontract with, the State of Arizona. See Arizona Revised Statutes, Division 36; and

D. Administrative Review Required. Such home must be reviewed and approved by the Community Development Director, or designee, for building code and land use compliance prior to the use commencing.

Section 3-410  Room Addition.

A room, sleeping room or boarding room in a single-family residence shall provide occupancy for not more than two (2) persons. Access to such room shall be provided internally through the main residence of which such room is an integral part; this excludes doors opening to patios or balconies that are part of the main residence.

Section 3-411  Guest Quarters.

A. Applicability. Guest quarters are permitted in single-family residential districts having a minimum lot size of 15,000 square feet, subject to the following standards:

1. Only one guest quarters is permitted on a single lot;

2. The gross floor area shall be no greater than fifty (50) percent of the main building’s gross floor area at or above grade;

3. An attached building shall comply with the development standards set forth in Table 4-202A;

4. Guest quarters detached from the main building shall comply with the accessory building standards set forth in Section 3-401;

5. There shall be no separate metering for utility services and no separate mailing address; and
H. **Access Spacing.** Driveway access shall be separated from other driveways and street intersections in accordance with the following standards and procedures. Any modifications of these standards shall be determined by the Public Works Director:

1. **Local Streets.** Driveways on local streets shall be separated from alleys by a minimum of twenty (20) feet, as measured from the edges of driveway apron/alley. Driveways shall be separated from adjacent local street intersections by a minimum of twenty (20) feet from the point of intersection based on property lines.

2. **Arterial and Collector Streets.** Access spacing on collector and arterial streets shall be based on the policies in the Comprehensive Transportation Plan. Driveway curb cuts shall not be located within one hundred (100) feet of the point of intersection of property lines at arterial or arterial/collector street intersections.

3. **Access Management.** Access management controls, such as shared access, and/or access separation greater than that specified by subsections 1 & 2 above, may be required by the city for the purpose of protecting the function, safety and operation of the street. Where no other reasonable access alternative exists, the city may allow construction of an access connection along the property line farthest from an intersection. In such cases, directional connections (i.e., right in/out, right in only, or right out only) may be required.

General Plan Reference -- See Comprehensive Transportation Plan provisions.

I. **Vertical Clearances.** Driveways, private streets, aisles and turn-around areas, when required for fire and refuse access, shall have a minimum vertical clearance of thirteen (13) feet six (6) inches for their entire length and width.

J. **Vision Clearance.** Driveways, private streets, aisles, turn-around areas, parking structure entrances, and ramps shall conform to the clear vision requirements in Section 4-702(G).

K. **Driveways.** Driveways shall be the minimum width necessary to provide the required number of vehicle travel lanes and to promote traffic calming in pedestrian areas. The specific driveway design standards are provided in the City of Tempe Public Works Department Standard Details and Transportation Guidelines, contained in the Comprehensive Transportation Plan.

L. **Driveway and Private Street Construction.** The following development and maintenance standards shall apply to all driveways and private streets:

1. **Surface.** Driveways, parking areas, aisles, and turn-arounds are allowed only on improved paved surfaces. Pavement may be concrete, asphalt, brick, concrete pavers, or alternatively a stabilized, dust-proof, porous material (e.g. decomposed granite) approved by the Community Development Director, or designee. Where decomposed granite or similar porous pavement is used, it shall conform with the Americans with Disabilities Act Design Guidelines and provide a twenty (20) foot on-site driveway entrance consisting of unit pavers or another hard surface.
2. Storm Drainage Management. All development and redevelopment projects shall convey storm drainage from driveways in conformance with an approved storm drainage retention plan.

M. Mobile Home Park, Mobile Home Subdivision, and Trailer Park Access. Mobile home parks, mobile home subdivisions, and trailer parks shall conform to the access requirements in Section 3-416(A).

Section 4-503 Pedestrian and Bicycle Access and Circulation Standards.

A. Purpose. The purpose of this section is to implement the Comprehensive Transportation Plan, provide transportation options and ensure that new pedestrian and bicycle facilities are designed to be attractive, safe and convenient to use, as well as ADA accessible and supportive of transit use.

B. Pedestrian and Bicycle Accessibility. All projects that are subject to the provisions of this Code shall provide for pedestrian and bicycle accessibility. Accessibility shall be from a direct, convenient and attractive pathway system that conforms to the following standards:

1. Continuous Pathways. A pathway system shall extend through the development site and connect the street sidewalk to all primary building entrances, as generally shown in Figure 4-503B. The Community Development Director, or designee, may require the developer to connect or stub a pathway(s) to adjacent streets, private property, adjacent trails, plazas, future phases of development, and open space areas (when a reciprocal access easement is available or can reasonably be provided).

CHAPTER 6 – PARKING

Section 4-601 Purpose and Applicability.

A. Purpose. The purpose of Chapter 6 is to provide standards for vehicle and bicycle parking facilities. This chapter recognizes that each development has unique parking needs and provides a flexible approach for determining parking space requirements.

B. Applicability. Conformance to the standards in Chapter 6 shall be required for all uses and developments, except as noted herein, except in the MU-Ed District parking standards shall be established through the Joint Review Committee. Construction or modification of any parking area, except single-family residential parking areas, shall comply with plans that have been approved by the city. Single-family parking areas shall conform to Section 4-602(B) and (C).

Section 4-602 General Parking Standards.

A. Parking Required. No use shall provide less than the minimum or more than the maximum number of off-street parking spaces required under Section 4-603. The use of any property is conditional upon the unqualified continuance and availability of the parking as required by this Code. In phased projects, individual phases of the project are exempt from the maximum parking standards, provided that the project does not exceed the maximum allowable parking at build-out.

B. Parking Standards Applicable in All Zoning Districts.

1. Parking spaces shall conform to the clear vision requirements in Section 4-702(G) and the vehicle and pedestrian circulation standards in Sections 4-502 and 4-503 respectively;

2. Parking is allowed only on improved paved surfaces. Pavement may be concrete, asphalt, brick or concrete pavers, or alternatively a stabilized, dust-proof, porous material (e.g. decomposed granite) approved by the Community Development Director, or designee. Where decomposed granite or similar porous pavement is used, it shall conform with the Americans with Disabilities Act Design Guidelines;

3. A parking area shall be located on the lot it serves, or on a contiguous lot. Whenever required parking is provided on a contiguous lot a parking covenant and agreement shall be filed with the Community Development Department prior to issuance of a building permit;

4. Parking for uses located on property zoned as multi-family residential, commercial, mixed-use or office/industrial may not be provided on any property in a single-family (R1) district. Parking for any non-residential use permitted in the single-family zoning districts may be located in any other zoning district;
5. A curb or bumper guard at least six (6) inches in height shall be installed so that no part of any vehicle extends into any landscape setbacks or landscape areas required by this Code or beyond any property line. Parking may overhang non-required landscape by two (2) feet in which case the length of parking stall shall be reduced by two (2) feet;

6. A curb or bumper guard at least six (6) inches in height shall be installed so that no part of any vehicle extends into a pathway or beyond any property line. Parking may overhang pathways by two (2) feet when pathway is a minimum six (6) feet in width. No vehicle may overhang any bikeway facility or public sidewalk;

7. Recreational vehicles and unmounted truck campers, exceeding twenty-one (21) feet in length and all boats and trailers shall not be parked in the required front yard building setback or required street side yard setback, except for periods of up to forty-eight (48) hours within seven (7) consecutive days for the purpose of loading, unloading and cleaning. Such vehicles parked or stored in the defined setbacks shall be subject to a use permit; and

8. All parking spaces shall be adequately marked, and the paved area shall be properly drained and kept free from dust or loose particles at all times.

C. Parking Standards Applicable in Single-Family Uses and Development. In addition to the requirements of Section 4-602(B) above, the following standards shall apply to all single-family dwellings and in the agricultural (AG) zoning district:

1. Tandem parking is permitted;

2. Parking requirements for projects in the R1-PAD district shall be established with the PAD Overlay approval; and

3. Required parking spaces may be located in the required front yard building setback or street side yard setback, subject to a use permit.

D. Parking Standards Applicable in Zoning Districts Other Than Single-Family. In addition to the requirements of Section 4-602(B) above, those uses allowed in all other zoning districts shall comply with the following regulations:

1. Tandem parking may be allowed, subject to an approved use permit;

2. Paved areas that are in a fire lane, driveway, drive-through lane or service bay and that are needed for circulation in front of loading ramps or bay doors shall not be used for parking or outdoor display at any time. Parking stalls that would block a building entrance are prohibited;
CHAPTER 9 – SIGNS

Section 4-901 Purpose and Applicability.

A. Purpose. The sign regulations are designed to encourage the creation of an attractive appearance throughout the city, while eliminating signs that may contribute to visual clutter. The regulations for signs have the following specific objectives:

1. To reflect and support the desired character and development patterns of the various zoning districts;
2. To allow for adequate and effective signs in all zoning districts while preventing signs from dominating the appearance of the area;
3. To distinguish between signs that require visibility from automobiles and those that are oriented to pedestrians;
4. To require design, construction, installation, and proper maintenance so that the public safety and traffic safety are not compromised;
5. To provide standards for location, size, construction, type, and number of signs; and
6. To provide reasonable limits on the magnitude and extent of graphic communication presented to the public.

B. Applicability. The regulations in Chapter 9 are applicable to all signs in the city, except as noted in Section 4-902(D) and in the RCC district and all MU districts, except where otherwise noted herein. Standards for business signs in the RCC district and all MU districts shall be established through sign criteria approved through a Development Plan Review, pursuant to Section 6-306.

C. Non-Commercial Speech. Signs authorized in this chapter are allowed to contain non-commercial copy in lieu of any other copy.

Section 4-902 General Sign Standards.

A. Definitions. For definitions related to signs, refer to Section 7-120, “S” Definitions.

B. Prohibited Signs. Prohibited signs include:

1. Non-public signs in public right-of-way or on public property;
2. Signs mounted on a building roof;
3. **Signs** that are mounted, attached, or painted on *trailers*, boats or vehicles when used as additional signage on or near the business premises; and similar **signs**. Business vehicles displaying signage or advertising shall be parked in an assigned *parking* space which is not immediately adjacent to a *street* frontage;

4. **Signs** having intermittent or flashing illumination, animated or moving parts, or that emit sound except as allowed under Section 4-903(N) (Menu Board) and Section 4-903(U) (Marquee Sign);

5. Freestanding changeable copy **signs**, except as allowed under Section 4-903(N) (Menu Board), Section 4-903(Q) (Service Station Sign), and Section 4-903(U) (Marquee Sign);

6. Banners, pennants, wind-driven spinners, streamers, balloons, flags, search lights, strobe lights, holographic projections, laser light displays, beacons, **inflatable signs**, except as otherwise provided in Section 4-903(R) (Special Events Sign), Section 4-903(C) (Boutique Directional Sign) and approved **banner signs** installed pursuant to the city’s banner program;

7. **Signs** imitating official traffic control **signs**, or any *sign* or device obscuring such **signs** or devices;

8. **Signs** mounted on, or applied to trees, utility poles, rocks, or city owned property;

9. **Signs** placed on private property without the property owner’s written approval;

10. *Off-premise/off-site signs* and **portable signs**, except as permitted in Sections 4-903(C) (Boutique Directional Sign), Section 4-903(J) (Freeway Sign), Section 4-903(M) (Lead-In Sign), Section 4-903(O) (Political Sign), or Section 4-903(S) (Subdivision/Apartment Community Advertising Sign); and

**C. Unauthorized Signs.** An *unauthorized sign* is one that is illegally displayed in the city right-of-way, on city property, on private property without the property owner’s consent, or is not in compliance with the regulations of Chapter 9, Signs within this Code. City staff may remove such **signs**. **Unauthorized signs** removed by the city shall be disposed of after the Department provides notice to the establishment identified on the sign. A notice shall be sent within thirty (30) days of removal notifying the establishment to claim the unauthorized sign at a location specified on the notice no later than thirty (30) days after the date appearing on the notice. If unclaimed after the time period, the Department will dispose of the unauthorized sign in an appropriate manner. If an establishment is not identified, the sign will be disposed of no sooner than thirty (30) days after removal, subject to prior written claim and proof of ownership delivered to the Community Development Department.

**D. Exempt Signs.** The following **signs** are exempt from this Code:

1. Traffic or other governmental *street signs*, such as railroad crossing **signs** and notices, as may be authorized by the city and do not require permits; and
2. **Signs** of public utility companies indicating danger or that serve as an aid to public safety, or that show the location of underground facilities or public telephones and do not require permits.

E. **Ceased Non-Conforming Signs.** The owner, agent, tenant or person having beneficial interest in the business, property or premises on which such **sign** is located shall remove ceased non-conforming **signs**, including freestanding support **structures**, within one (1) year upon cessation of such business or sale of such product, as long as the one (1) year period of non-use is attributable at least in part to the previously designated persons or entities.

F. **Sign Height Measurement.** **Sign** height measurements are as follows:

"**Freestanding Sign**": Height is the distance from the top of the **sign structure** to the top of the adjacent street curb. The height of any monument base or other **structure** erected to support or ornament the **sign** shall be measured as part of the **sign** height.

G. **Sign Area Measurement.** **Sign** area measurements are as follows:

1. **Sign** area includes the areas of all the following **signs** on site that pertain to any one business:
   a. **Awning Sign**;
   b. **Building Mounted Sign**;
   c. Freeway Sign;
   d. **Service Station Sign**, excluding **freestanding sign**; and
   e. Marquee **Sign**.

2. The maximum total area for the above **signs** on the premises for any one (1) business may be equal to forty (40) square feet plus one (1) square foot of **sign** area for every lineal foot of **business frontage** beyond forty (40) lineal feet, as measured by the **business frontage**. Businesses with freeway frontage may have additional **sign** area, see Section 4-903(J) (Freeway Sign).

3. Internal businesses and brands contained within a host business are allowed exterior signage. **Sign** area utilized by the internal business/brand shall be deducted from the **sign** area allowed for the host business sign area.

4. One **sign face**: Area of the single face only;
   a. **Sign copy** mounted or painted on a background panel or area distinctively painted, textured, illuminated, or constructed as a background for the **sign copy**, shall be measured as the area contained within the geometric shape of the background panel or surface; and
b. Sign copy mounted as individual letters or graphics against a wall or fascia of a building or other structure that has not been painted, textured or otherwise altered to provide a distinctive background for the sign copy, shall be measured as the area enclosed by the smallest geometric shape that will enclose all sign copy.

5. Multiple sign faces:

a. Two (2) faces: If the interior angle between the two (2) faces is forty-five (45) degrees or less, the area will be the area of one face only; if the angle between the two (2) sign faces is greater than forty-five (45) degrees, the sign area will be the sum of the areas of the two (2) faces;

b. Three (3) or more sides: Sign area will be calculated as fifty percent (50%) of the sum of all faces; and

c. Sign area for a sign with more than one component (e.g., a service station identification/price sign combination on a monument base, mounted on the same surface) will be measured as the area of the smallest geometric shape that encompasses the components of the sign.

6. Free form, spherical, sculptural and other non-planar signs:

a. Sign area is calculated as fifty percent (50%) of the sum of the area of the four (4) vertical sides of the smallest cube that will encompass the sign.
E. **Construction Sign.** *Construction sign* requirements are as follows:

1. Shall be allowed on the development site beginning at the time of the issuance of building permit until the issuance of a final certificate of occupancy;

2. Shall be applied to the construction fencing at the perimeter of the development site or on a tower crane;

3. Construction fencing signs shall not exceed eight (8) feet in height;

4. Up to a maximum of two-hundred forty (240) square feet of business signage and advertising copy, that is related to the project under construction, shall be allowed per street frontage or public open space frontage;

5. Additional sign area may include images, graphics, illustrations, or photos, that must relate to the project under construction at the development site;

6. Shall require a permit to occupy or encroach into public property / easements;

7. Shall not be illuminated;

8. Shall be maintained in a neat and orderly manner; and

9. A *sign* permit is required.

F. **Directional Sign.** *Directional sign* requirements are as follows:

1. May be a maximum of three (3) feet in height and two (2) square feet in area;

2. Shall not contain identification or *advertising copy*; and

3. No *sign* permit is required unless such *sign* is illuminated.
G. **Directory Sign.** Directory sign requirements are as follows:

1. Properties occupied by three (3) or more buildings shall have an internally illuminated directory that shows the street address, layout of the complex, the location of the viewer and the unit designations within the complex. Directories shall be sufficient in number and placed in locations to insure that law enforcement and emergency personnel can easily locate a particular address or individual unit;

2. Shall not exceed six (6) feet in height or twenty-four (24) square feet in area;

3. Shall not include any advertising copy; and

4. A sign permit is required.

H. **Flags.** Flag requirements are as follows:

1. Flag poles shall not exceed thirty-five (35) feet in height. The height shall be measured from finish grade adjacent to the base of the pole or finish floor for building mounted poles. A maximum of three (3) flagpoles are allowed on a site;

2. No more than one (1) United States, one (1) State of Arizona, one (1) foreign national flag or one (1) corporate flag shall be flown on any one site or structure;

3. Any flag flown in conjunction with the United States or State of Arizona flag shall be flown beneath them and shall not exceed them in size;

4. Flag illumination (refer to lighting Section 4-805(A)(2)); and

5. A sign permit is not required.

I. **Freestanding Identification Sign.** Freestanding identification sign requirements are as follows:

1. Single use buildings and all complexes and centers on a single lot are allowed one (1) freestanding sign per street frontage, or one (1) freestanding sign for every three hundred (300) feet of street frontage, whichever is greater;

2. **Sign Area and Height.**
   a. Single use buildings, and complexes and centers on a single lot less than five (5) acres in net site area, the maximum height of the sign, including any supporting structures shall be eight (8) feet, maximum area shall be twenty-four (24) square feet and the sign may identify a maximum of four (4) tenants per sign face; and

   b. All complexes and centers on a single lot, five (5) acres in net site area or greater, the maximum height of the sign, including any supporting structures shall be ten (10) feet, maximum area shall be forty (40) square feet and the sign may identify a maximum of six (6) tenants per sign face.
3. May identify a center or building;

4. Shall have monument-type bases of masonry construction or other architectural grade material approved through a Development Plan Review;

5. Address numerals shall be included on all freestanding sign structures, except subdivision identification signs. The numerals shall be at least six (6) inches in height; and

6. A sign permit is required.

J. Freeway Sign. Freeway sign requirements are as follows:

1. Freestanding On-Premise Freeway Sign.
   a. Any lot with more than one thousand (1,000) feet of lineal frontage adjacent to a freeway right-of-way (I-10, US 60, Loop 202, Loop 101 and SR 143), may have such signs;
   b. One (1) freestanding sign per freeway frontage;
   c. Maximum height, including any supporting structures, shall be thirty-five (35) feet, and maximum sign area shall be one hundred twenty (120) square feet;
   d. Sign must be located within three hundred (300) feet of freeway right-of-way;
   e. May identify a center or building, and a maximum of four (4) tenants; and
   f. A sign permit is required.

2. Freestanding Off-Premise Freeway Sign.
   a. A lot with more than five hundred (500) feet of lineal frontage adjacent to a freeway right-of-way (I-10, US 60, LOOP 202, LOOP 101 AND SR 143), may have such sign;
   b. One (1) freestanding off-premise sign per lot;
   c. Sign shall not be located within one thousand three hundred twenty (1,320) feet measured by a straight line in any direction, from the lot line of any residential district that is on the same side of the freeway as the freeway right-of-way on which the sign is to be located; and the sign shall not be located on any city owned land;
   d. Sign shall not be located within one thousand (1,000) feet, measured from the sign’s Centerpoint base, of any other freestanding on-premise or off-premise freeway sign;
   e. Sign must be located within three hundred (300) feet of freeway right-of-way;
f. *Sign* shall be authorized through a development agreement that may be entered into at the discretion of the City Council. In addition to any other conditions imposed by the City Council, each development agreement shall describe criteria which includes but is not limited to the allowable *sign* height and size of the *sign* to be installed; and shall also provide for the removal of legally non-conforming *freestanding off-premise signs(s)* within the City of Tempe; or the removal of no more than three (3) other legally non-conforming or legally conforming *signs(s)* or surrender of *sign* entitlements within the City of Tempe totaling no less than six hundred seventy-two (672) square feet of display area when combined for the purposes of installing one *freestanding off-premise* freeway *sign* within the City of Tempe; and

g. A *sign* permit is required.

a. Any *building*, except residential, located within three hundred (300) feet of a freeway right-of-way (I-10, US 60, Loop 202, Loop 101 and SR 143), may have such *signs*;

b. The maximum total area for *building mounted freeway signs* on the premises may be equal to two (2) square feet of *sign* area for every lineal foot of *building* frontage adjacent to the freeway. Allocation of the total *sign* area to individual tenants shall be determined through a comprehensive *sign package*, approved through *development plan* review; and

c. A *sign* permit is required.

K. **Future Development Sign.** *Future development sign* requirements are as follows:

1. May include information pertaining to the project, architect, developer, and contractor;

2. Such *signs* shall be a maximum eight (8) feet in height and a maximum of thirty-two (32) square feet in area;

3. May be maintained for twelve (12) months and shall be removed prior to the issuance of a certificate of occupancy;

4. Shall not be internally illuminated;

5. Shall be located on the *development* site;

6. Only one *sign* shall be displayed per *street* frontage; and

7. A *sign* permit is required.
L. **Holiday Decorations.** Holiday decorations for residential uses are permitted. Holiday decorations for non-residential uses are subject to the following requirements:

1. Holiday decorations may be displayed on a temporary basis for traditionally accepted civic, patriotic or religious holidays;

2. Holiday decorations shall not be displayed sooner than thirty (30) calendar days prior to the holiday to which they pertain, and shall be removed no later than fifteen (15) days following the holiday to which they pertain;

3. Balloons are not considered to be holiday decorations;

4. Such decorations shall not be displayed in a manner as to constitute a traffic hazard; and

5. No *sign* permit is required.

*TEXT OF SUBSECTION (M) EFFECTIVE UNTIL JUNE 30, 2011*

M. **Lead-In Sign.** *Lead-in sign* requirements are as follows:

1. Maximum height shall be three (3) feet and maximum area shall be six (6) square feet; no illumination is allowed;

2. A maximum of four (4) *signs* shall be displayed for each home for sale or rent;

3. Apartment communities, complexes, *developments* or *subdivisions* shall not display more than four (4) such *signs*;

4. Shall only be displayed when a sales/lease person is on duty at the property. *signs* shall not be left out overnight;

5. *Signs* shall not be placed so as to create a traffic hazard as determined by the Community Development Director, or designee. Such *signs* shall not be placed in a traffic median, public sidewalk, bicycle path, on city property, or in city right-of-way between the sidewalk and the curb; and

6. No *sign* permit is required.
[TEXT OF SUBSECTION (M) EFFECTIVE JULY 1, 2011]

M. **Lead In Sign.** *Lead in sign requirements are as follows:*

1. Maximum height shall be three (3) feet and maximum area shall be three (3) square feet; no illumination is allowed;

2. A maximum of four (4) *signs* shall be displayed for each home for sale or rent;

3. Apartment communities, complexes, *developments or subdivisions* shall not display more than four (4) such *signs*;

4. Shall only be displayed when a sales/lease person is on duty at the property. *signs* shall not be left out overnight;

5. *Signs* shall not be placed so as to create a traffic hazard as determined by the Community Development Director, or designee. Such *signs* shall not be placed in a traffic median, public sidewalk, bicycle path, on city property, or in city right-of-way between the sidewalk and the curb; and

6. No *sign* permit is required.
N. Menu Board. Menu board requirements are as follows

City of Tempe - Cultural Services
3340 S. Rural Road
Tempe, AZ 85282
The goal of the city of Tempe’s Art in Private Development (AIPD) ordinance is to beautify the community with a wide variety of high-quality art projects. This program has created many successful partnerships between developers and artists. Local developments have acquired a unique sense of place and have won awards because of the art elements. The presence of artwork in developments creates a competitive edge by attracting people who are curious about the artwork. Residents and visitors may pause to enjoy the artwork’s surprising and aesthetic delights, and they often return to experience it again while shopping or conducting business.

In the AIPD program, developers of large commercial or office buildings must meet a required art investment in two ways either on-site installation of exterior artwork or an equivalent cash donation to the Tempe Municipal Arts Fund. Tempe also has a public art program, in which one percent of the city’s capital improvements budget is allocated to public art projects. The monies generated by both the Public Art and Art in Private Development programs are held in the city’s Municipal Arts Fund. The Tempe Municipal Arts Commission, a 15-member resident advisory board appointed by the mayor, administers the Municipal Arts Fund.
What does the Art in Private Development ordinance require?

Tempe’s Art in Private Development Ordinance in Section 4-407 requires that:

- The property owner(s) of any project that contains more than fifty thousand (50,000) square feet net floor area of commercial or office use within any zoning district, or is a phase of a larger project approved after Feb. 24, 1990, that contains a total of more than fifty thousand (50,000) square feet net floor area of commercial or office use within any zoning district, shall contribute to Art in Private Development. The art contribution shall take the form of either on-site installation of exterior artwork or an equivalent cash donation to the Tempe Municipal Arts Fund. Net floor area means the sum of all floor areas (including mezzanines, outdoor retail and dining areas) devoted to an activity, excluding exterior walkways and the thickness of exterior walls.

- The developer’s investment in artwork is based on the amount of square footage of the net floor area dedicated to commercial or office use, and is adjusted on Feb. 1 of each year based on the Consumer Price Index for All Urban Consumers (CPI-U) of the previous year. The 2010 value: $0.42 per square foot.

- Before a Certificate of Occupancy is issued, the developer must meet the requirements of this ordinance. The developer’s required contribution may be in either of the following forms:
  1. Art Project: Artwork which is integrated on the site of the development. Artwork completed in compliance with this ordinance shall be located on an exterior site visible and accessible at all times to the public.
  2. Arts Fund Contribution: In-lieu cash contribution to the Tempe Municipal Arts Fund, used to fund art projects administered by the Tempe Municipal Arts Commission.

What types of art projects are eligible?

Examples of art projects to consider are:

- One-of-a-kind building features and enhancements designed by artists such as gates, benches and fountains.
- Artist-designed landscape art enhancements such as walkways, bridges or art features within a garden.
- Sculpture -- freestanding, wall-supported or suspended, kinetic -- in durable materials suitable for the site.

To view images of completed artwork, visit www.tempe.gov/arts/publicart/private.htm.

What types of art projects are not eligible?

- Business logos or art that incorporates a logo.
- Directional or wayfinding elements such as supergraphics and signage.
- Mass-produced “art objects” such as fountains, statuary or playground equipment.
- Standard landscape or hardscape elements which would normally be associated with the project.
What are the eligible costs for art projects?

When preparing a budget for the artwork, certain costs may be included to meet the developer’s required art investment:

- Professional artist’s budget, including artist fees, materials, assistants’ labor costs, insurance, permits, taxes, business and legal expenses, operating costs and art dealer’s fees if these are necessary and reasonable.
- Fabrication and installation of the artwork.
- Site preparation
- Structures enabling the artist to display the artwork.
- Acknowledgment plaque identifying the artist, artwork and development.
- Costs for maintaining and operating artwork are not eligible.

What is the process for completing an art project?  A Checklist

The following checklist will help a developer create a successful AIPD project:

- **Staff Contact:** Call the city of Tempe Cultural Services staff to discuss:
  - what the developer wants the project to accomplish;
  - the required art investment and
  - the type of professional artist needed for this project.

- **Professional Artist Selection:** Contact the artists being considered and decide which artist(s) will be hired by the developer.

- **Preliminary Approval:** *The Preliminary Art Project Plan is required before a building permit is issued.* Request a meeting with the Arts Commission’s Public Art/Art In Private Development (AIPD) Subcommittee and staff to discuss:
  - Concepts and budget for the proposed artwork.
  - Location and visibility of proposed artwork.
  - Name and resume of selected artist.

Tempe Cultural Services staff will notify Development Services staff that we have received the Preliminary Art Project Plan. At this stage the key points are:

- **Is the person chosen an active professional artist?**
  The Public Art/AIPD Subcommittee and the Tempe Municipal Arts Commission make this determination by reviewing such items as the person’s educational background in the arts, and arts accomplishments within the past five years such as gallery or museum exhibits, and completion of public art projects.

- **Is the proposed artwork visible to the public?**
  The Public Art/AIPD Subcommittee and the Tempe Municipal Arts Commission review the proposed artwork plans, its visibility to the public, and its context within the development. The Public Art/AIPD subcommittee votes to accept or decline the proposed plans.
Final Approval: A final presentation is required before a Certificate of Occupancy is issued. This presentation is given by the developer (or a representative) and the artist(s) and includes:

- Narrative description of proposed artwork generally developed by the artist.
- Budget detailing eligible costs including artist’s fees and expenses, costs for fabrication, site preparation, installation, structures to display artwork, and/or plaque (developed by the artist and the developer).
- Letter of agreement between the developer and artist.
- Scaled site plan and landscape plan, showing the proposed artwork in the development’s context.
- Scaled drawing(s) or model(s) of the artwork.

For the presentation, the reviewed key points are:

- Artist’s background in relation to this project
- Final itemized budget that meets the required art investment for the development
- Public visibility and availability of the artwork

Tempe Municipal Arts Commission Approval: The Public Art/AIPD Subcommittee will give a summary of the proposed artwork to the Tempe Municipal Arts Commission at its next scheduled meeting. The developer and artist are not required to attend this meeting. After the Public Art/AIPD Subcommittee presentation, the Tempe Municipal Arts Commission votes on the proposed artwork plans.

Signed Contract: Fax or mail a copy of the signed contract between the developer and the artist(s) to Cultural Services staff for the AIPD records.

Certificate of Occupancy: After the Tempe Municipal Arts Commission approves the art project plan and the contract is in place, Cultural Services staff will write a letter that releases the Certificate of Occupancy in regard to the public art component.

How is an art project selected for an Excellence Award?

To encourage and recognize high quality artwork, the Tempe Municipal Arts Commission and the Tempe Beautification Awards program review and select artworks to receive the Art in Private Development Excellence Award. Developers are honored at the Beautification Awards ceremony and their artworks are noted as award winners on the arts website, http://www.tempe.gov/arts/publicart/Private.htm

The following criteria are used to guide the selection of excellent artworks completed in the past calendar year:

- **Aesthetics**
  Application of artist’s concept
  Viewer’s response to the artwork

- **Craftsmanship**
  Quality of construction
  Use of materials
  Quality of materials

- **Site enhancement**
  Integration of the artwork with the development
  Installation of the artwork (base, landscaping, etc)
  Visibility in the evening (lighting, etc.)

- **Value to community and/or employees**
  Relevance to the community and employees
  Visibility to the public (walking, biking, driving)
