FINDINGS:

03/26/2007 Neighborhood Enhancement received a complaint from the Tempe Police Department for trash, litter, and debris in the front and backyards of above listed property. The Tempe Police Department had responded to a call for service during the weekend of March 24th, and a Police Supervisor had concerns regarding the conditions of the property, along with the impact on the neighborhood.

03/29/2007 I inspected the property and found the front yard and backyard of the property was in violation for excessive amounts of trash, litter and debris. Additionally a small brown colored Honda Civic was found in the carport with at least one flat tire, making it appear inoperable. There was also a white colored Chevrolet pick-up truck in the backyard that is unregistered and visible from the street over the approximately five foot high block wall, and is piled with stored and or discarded items. Photos were taken of the property condition.

As directed, the Tempe Police Department was present at the property at the time of the inspection and when the photos were taken, due to the nature of the recent police activity at the property.

Due to the extensive history of similar violations and prior authorizations to abate the property, a request for criminal charges will be submitted to the Tempe City Prosecutor's Office.

04/06/2007 A request for an estimate for the abatement of the property was received from Bishop Inc. The estimate for the abatement and removal of items is for \$2250.00.

The request for criminal charges against Walter Haring was submitted to the Tempe City Prosecutor.

04/11/2007 Notice was posted at the property informing the property owner that the abatement request will be heard at the May 15th Hearing Officer meeting at the Tempe City Council Chambers at 1:30 pm..

Complaint took nine months to gain compliance. Dave Christ the Senior Code Inspector at the time was Inspector for the complaint.

CE042847 08/05/04 thru 05/25/05 Complaint for deteriorated landscape, inoperable and unregistered vehicle, and junk, litter and debris through out the property. Closed after the abatement was authorized and property owner brought property into compliance prior to the appeal hearing with the BOA. Complaint took over nine months, and multiple Hearing Officer hearings to gain compliance.

CE054963 10/24/05 thru 01/24/07 Complaint for excessive amounts of trash, litter, and debris in the front and back yards of the property, and for a deteriorated roof. I received multiple complaints and correspondence from neighbors for the deteriorated conditions at the property. An abatement was requested and authorized, after an appeal hearing from the Board of Adjustment that voted 7-0 to abate the property. The abatement was completed in January, 2006, and in March, 2006, the property was again in violation. A second abatement was requested along with a request for criminal charges. The second abatement was authorized and it was also appealed to the Board of Adjustment. The hearing was continued and the property was eventually brought into compliance prior to the hearing. The abatement was cancelled and the request for criminal charges was rescinded.

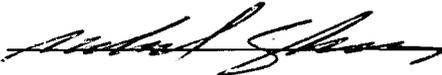

RECOMMENDATIONS:

Mr. Haring has an extensive history with violating Tempe City Code in regards to allowing excessive amounts of junk, litter, debris, furniture, and various household and mechanical items. There have been six prior complaints dating back to 1999 for the same violations, and each have taken three to nine months to resolve, with some complaints having less than six months separating them. Mr. Haring has been contacted multiple times and has been shown what improvements need to be made by previous Inspectors, the previous Senior Code Inspector, and by Jan Koehn, the Neighborhood Enhancement Administrator. Mr. Haring has been cited numerous times by Inspectors and has been subject to an abatement hearings in 2005 and 2006. The 2005 abatement was authorized, but the property was brought into compliance prior to the appeal hearing with the Board of Adjustment. In December of 2006 another request for the authorization of an abatement was granted by the Hearing Officer and the Board of Adjustment. In January of 2006 the property was abated, and was brought back into compliance. In March of 2006 the property was once again in violation of excessive stored and or discarded items. A second abatement was requested and authorized by the Hearing Officer, and the property was brought into compliance before the Board of Adjustment was able to hear the appeal for the authorized abatement. As of the date of this submittal Mr. Haring has allowed the property to fall back into violation with the same conditions that were present prior to the abatement that was completed in January of 2006.

Mr. Haring was made aware at the time of the last abatement that he needed to maintain the property free of violations, or another abatement would be requested along with possible criminal charges. Without the intervention of another abatement the property will continue to deteriorate, and will be subject to more repeated complaints. I therefore make another request to the City of Tempe Development Services Hearing Officer for authorization to abate this public nuisance in accordance with section 21-53 of the Tempe City Code.

Walter L & Brenda J Haring are the listed legal owners of the residence, as recorded by the Maricopa County Assessor's Office. Mr. Haring has personally identified himself as the owner and as the responsible party. In addition he maintains an account with the City of Tempe for water utilities at the residence.

Respectfully submitted,
Kirk Erickson
City of Tempe Code Inspector II
