

## Adopt-A-Street

Thank you for your commitment in helping to keep the City of Tempe litter-free!

Please contact Tempe's Traffic Engineering Office at (480)350-8428 to coordinate your clean-up event with the City to prevent conflicts over the use of the street frontage and proposed construction work. Two weeks notice prior to a scheduled pick up event is required.

Trash bags and safety vests are available at the City of Tempe's Traffic Engineering Operations building located at 945 W. Rio Salado Parkway, just east of Hardy Drive. (Please see map below).

### **ATTENTION:**

Please note that a \$25 deposit is now required at time of safety vests pick up. The deposit will be returned in full upon return of vests.
