• Commission discussion of the value of such work and the potential difficulty of identifying candidate sites on an ongoing basis.

• Commission discussion of establishing the proposed subcommittee but reducing scope of work to serving as an advisory body charged with formulating suggestions relating to process for identifying Archaeologically Sensitive sites.

• Commission discussion identified Chair Gregory, Vice-Chair Solliday, and Commissioner Turner as having the professional backgrounds necessary to serve on such a subcommittee.

• Commissioner Shears moved to create an ad hoc Archeologically Sensitive Classification Subcommittee tasked with developing means of identifying sites potentially warranting Archaeologically Sensitive classification, making suggestions relating to how the Tempe Historic Preservation Office can stay abreast of sites warranting Archaeologically Sensitive classification, offering recommendations as to how to most accurately record said sites, and crafting disclosure guidelines pertaining to sensitive cultural information contained within the Archaeologically Sensitive classification files maintained by Tempe HPO. Subcommittee members are to be Chair Gregory, Vice-Chair Solliday, and Commissioner Turner. The motion was seconded by Commissioner Bilsbarrow and passed with a vote of 7-0.

• The Commission discussed merging the suggested topics of Ocotillo Power Plant employees and APS corporate culture with the topic of the plant’s impact on nearby industrial and residential development.

• Commissioner Bilsbarrow moved the Commission provide the following direction to the project vendor, who is to be selected in consultation with HPO Southard:
• Construction and operation of the Ocotillo Power Plant as a component of Tempe development during the period 1958-1975 – 40% of project scope

• Photographic documentation – 30% of project scope (with 2/3 of this allotment devoted to historic photography and 1/3 devoted to current photography)

• Ocotillo Power Plant employees, APS corporate history / culture, and Ocotillo’s ties to nearby residential and industrial operations – 30% of project scope

In order to fulfill the aims of this study, the Commission respectfully requests the contractor be granted full access to the APS corporate archives. The motion was seconded by Commissioner Solliday and passed with a vote of 7-0.

Agenda Item 3
Agenda Item 4
On February 12th, 2015, the Historic Preservation Commission voted (7-0) to create an Archaeologically Sensitive Classification subcommittee. The Historic Preservation Commission formed this subcommittee after staff identified a need for such a body to review execution of the Archaeologically Sensitive classification process outlined in Tempe City Code §14A-4(k). Tempe lands currently classified as Archaeologically Sensitive are based largely upon findings contained in a 1991 archaeological report. However, numerous archaeological surveys have been completed since the Historic Preservation Commission last considered the issue of Archaeologically Sensitive classification. As such, it is likely that the current list of classified properties does not accurately reflect the most up-to-date archaeological research. The Archaeologically Sensitive Classification subcommittee, comprised of two archaeologists and an historian, will consider how to more efficiently carry out the process of identifying and classifying Tempe’s archaeological sites. Specifically, the subcommittee is tasked with the following duties:

1. Devising a protocol for identifying sites warranting Archaeologically Sensitive classification;
2. Making suggestions relating to how the Tempe Historic Preservation Officer can stay abreast of sites warranting Archaeologically Sensitive classification;
3. Offering recommendations as to how to most accurately record said sites; and
4. Drafting disclosure guidelines pertaining to sensitive cultural information

The attached document, “Notification to City Council for Creation of a Subcommittee,” provides additional detail relating to this subcommittee and its scope of work. Should there be any questions relating to this subcommittee, please contact John Larsen Southard at john_southard@tempe.gov or (480) 350-8870.

   b. It represents an established and familiar visual feature of an area of the city, due to a prominent location or singular physical feature; or

(1) The district consists of an area in which are located a substantial concentration of properties, buildings or structures which individually meet the criteria in subsection (a) of this section above, as well as others which contribute generally to the overall distinctive character of the area, and are united historically or visually by plan or physical development; district boundaries coincide with documented historic boundaries such as early roadways, canals, subdivision plats or property lines; other district boundaries coincide with logical physical or man-made features and reflect recognized neighborhood or area boundaries; and other noncontributing properties or vacant parcels are included where necessary to create appropriate boundaries; or

(2) A district may also include or be composed of one or more archeological sites.

(c) The designation process is as follows:

(1) Application for the designation of a landmark, historic property or historic district shall be made by the owner of such real property, or of property located within the boundaries of such proposed district, situated in the city, or by any officer, department, board, commission or the city council, with the HPO at the community development department, on such form(s) and accompanied by such fee(s) as may be adopted;
(2) Any such application for designation, as described in paragraph (1) of this subsection above, shall also be accompanied by:

a. A vicinity ownership map showing all parcels in the vicinity adjacent to, including and surrounding the proposed designated property or district, within a radius of three hundred (300) feet from the external boundaries of the property or district; each such parcel shall be designated by a number to correspond with the ownership/tenant list described in subparagraph b. of this paragraph below;

b. A typed or legibly printed list containing names and mailing addresses, including zip codes, of owners of parcels as described in subparagraph a. of this paragraph above, and identified by the same number as on the vicinity ownership map, and the names and addresses, including zip codes, of any tenants associated with the described parcels;

c. An accurate legal description or parcel number(s) as recorded with Maricopa County, of the proposed designated property or properties within the proposed historic district; and

d. A written description of the proposed designated property or historic district, addressing the pertinent criteria, as described in subsections (a) and (b) of this section;

(3) The HPO shall then place the request on the next available agenda of the commission for a public hearing. Upon request by the applicant, a special meeting may be called at the discretion of the chair of the commission, or by five (5) or more commission members;

(4) Upon receipt of an application and placement on the next available commission agenda, the HPO shall compile and transmit to the commission a complete report on the subject property or district. This report shall address the location, condition, age, significance and integrity of historic features and identify potential contributing and noncontributing properties and other relevant information, together with a recommendation to grant or deny the application and the reasons for the recommendation;

(8) The recommendation of approval of any designation by the historic preservation commission shall be void if the designation has not been adopted by the city council within one year of the commission's action.

(d) Notification of public hearings is established as follows:

(1) For a designation request, the community development department shall deposit in the U.S. mail, not less than fifteen (15) calendar days prior to the date of each public hearing of the historic preservation commission, a notice of the date, time and place of the hearing, and a summary of the request, to each affected property owner and tenant, per a list provided by the applicant. Final delivery of such notices shall not be the responsibility of the city. Notice shall be given as follows:

   a. For a landmark or historic property request, "affected property owners and tenants" shall be those within three hundred (300) feet of the subject property; or

   b. For an historic district request, "affected property owners and tenants" shall be those within the boundaries of the proposed district and within three hundred (300) feet external to those boundaries;

(2) The community development department shall erect, not less than fifteen (15) calendar days prior to the date of the public hearing, a notice, visible from a public way and clearly legible, of the date, time and place of the hearing, and a summary of the request. It shall not be the responsibility of the city to maintain the notice after it has been placed. Notice shall be given as follows:

   a. For a landmark or historic property request, such notice shall, wherever possible, be placed adjacent to the subject property in the right-of-way of a public street or road; or

   b. For an historic district, such notice shall, wherever possible, be placed at no fewer than four (4) conspicuous locations within the district and at its external boundaries;

(3) The community development department shall submit the request for publication in the official newspaper at least once, no fewer than fifteen (15) days prior to the public hearing of the commission; and

(4) Notification pertaining to a proposed text amendment to this chapter shall comply with paragraph (3) of this subsection above, only.
(e) The city council will, upon receipt of an application and accompanying decision and report from the development review commission, hold a public hearing to consider the application. Notification for such hearing shall be as specified in subsection (d) of this section above. At the public hearing, the city council may do one of the following:

(1) Adopt the request per the recommendation of the development review commission;

(2) Modify the recommendations and adopt the request as modified;

(3) Deny the request; or

(4) Remand the request to the development review commission for further proceedings.

(f) If the owners of twenty percent (20%) or more either of the area of the parcels included in a proposed historic district, or of those immediately adjacent in the rear or any side thereof extending one hundred fifty (150) feet therefrom, or of those directly opposite thereto extending one hundred fifty (150) feet from the street frontage of the opposite parcels, file a protest in writing against a proposed designation, it shall not become effective except by the favorable vote of three-fourths (3/4) of all members of the city council. Such protest shall be filed with the city clerk prior to or at the time of the public hearing of the council. If any members of the city council are unable to vote on such a question because of a conflict of interest, then the required number of favorable votes for passage of the question shall be three-fourths (3/4) of the remaining membership of the council, provided that such required number of votes shall in no event be less than a majority of the full membership of the council.

(g) The effects of designation are as follows:

(1) If adopted by the city council, a landmark, historic property or historic district shall be designated by the application of the corresponding overlay zoning district and referenced by the "H" symbol on a map of the city, to be issued by the community development department;

(2) Any uses permitted by the existing, underlying zoning classifications which apply to a landmark, historic property or historic district, shall be permitted. Such designated properties and districts are subject to the provisions of this chapter, as well as to applicable provisions of the Zoning and Development Code and the general plan; and

(3) Subsequent to designation of an historic district, the historic preservation commission shall, in cooperation with representatives from the district, and in order to preserve and enhance the distinctive character of the district, adopt design guidelines which shall apply only to the exterior features and general character of contributing properties and alterations thereto, as well as any other new construction within the district as follows:
a. District design guidelines will address general aspects such as building materials, massing, scale and proportion of openings and other features, orientation and relative position of buildings and landscape character; as well as specific aspects such as roof forms, textures, color theme, character of signage, window and door types, and other details relative to architectural styles evident in the district;

b. District design guidelines will not regulate maximum building height, maximum lot coverage, minimum setbacks, required landscaping, required parking, allowable signs or other provisions of the Zoning and Development Code; and

c. Following designation of an historic district, and until such time as district-specific design guidelines can be adopted, the commission shall refer to such professional or commonly recognized standards as may be appropriate and available.

(h) The procedure to remove landmark, historic property or historic district designation and corresponding overlay zoning shall be the same as the procedure to designate, as specified in subsections (c), (d), (e) and (f) of this section.

(i) No landmark, historic property or historic district, having been nominated for designation, or removal of designation, shall be renominated within one year from the date of previous nomination.

(j) The procedure and effects of classification of a property as historic eligible shall be as follows:

(1) The HPO shall prepare a list of proposed properties, with applicable supporting information, for consideration by the commission and schedule a public hearing; notification of such hearing is established as follows:

a. The community development department shall deposit in the U.S. mail, not less than fifteen (15) calendar days prior to the date of the public hearing of the commission, a notice of the date, time and place of the hearing, and a summary of the proposed action, to each affected property owner, per currently available ownership information. Final delivery of such notices shall not be the responsibility of the city; and

b. The community development department shall submit the notice for publication in the official newspaper at least once, no fewer than fifteen (15) calendar days prior to the public hearing of the commission;

(2) At a public hearing, the commission shall review the proposed properties and assess their potential to meet the applicable criteria for designation, as described in subsection (a) of this section; and
(3) Upon approval by the commission, any properties classified as historic eligible shall be identified as such in the records of the community development department and subject to the requirements described in § 14A-6(f) and § 14A-7(f) of this chapter.

(k) The procedure and effects of classification of a property as archeologically sensitive shall be as follows:

(1) The HPO shall prepare a list of proposed properties, with applicable supporting information, for consideration by the commission at a regularly scheduled public meeting; and

(2) Upon approval by the commission, any properties classified as archeologically sensitive shall be identified as such in the records of the community development department and subject to the requirements described in § 14A-6(g) and § 14A-7(k) of this chapter.

(Ord. No. 95.35, 11-9-95; Ord. No. 97.20, 4-10-97; Ord. No. 2000.25, 6-15-00; Ord. No. 2004.42, 1-20-05; Ord. No. 2005.18, 4-7-05; Ord. No. 2006.01, 1-5-06; Ord. No. O2014.22, 6-12-14)

(a) The Tempe historic property register is hereby established for the purpose of listing the landmarks, historic properties and historic districts, as designated under the provisions of this chapter. This register, as may be amended from time to time, shall serve as the official record of all such designations and shall be maintained by the HPO and available for public reference at the community development department and the city clerk.

(b) Supplemental to the historic property register shall be the lists of properties classified as historic eligible and archeologically sensitive. These lists, as may be amended from time to time, shall be maintained by the HPO and available for public reference at the community development department and the city clerk.

(Ord. No. 95.35, 11-9-95; Ord. No. 97.20, 4-10-97; Ord. No. 2000.25, 6-15-00; Ord. No. 2005.18, 4-7-05)

Sec. 14A-6. Guidelines, standards and process for review of alteration or new construction.

(a) When a building permit or other permit or approval is sought from the city to alter, remodel, build or otherwise develop or landscape property designated as a landmark, historic property, or that is located within a designated historic district, issuance of the permit or approval shall be deferred until after approval has been obtained from the historic preservation commission, or in the cases of work obviously minor in nature or of no effect to the property or district, the HPO. The issuance of such approval indicates conformance with the provisions and intent of this chapter only and does not imply approval by other city regulatory agencies.

(b) Review by the commission of a request for approval of proposed alteration or new construction shall require submittal to the HPO of:
(1) An application, on such form(s) and accompanied by such fee(s) as may be adopted;

(2) Photographs of the existing property;

(3) Drawings, to approximate scale, of the site plan, floor plan(s) and elevations of the proposed work, indicating materials and color scheme;

(4) If signage is part of the proposed work, drawings, to approximate scale, showing the size and location of proposed signage, type of lettering to be used and indication of color and type of illumination, if any; and

(5) Any other information which the applicant or the commission may reasonably deem necessary to review the proposed work.

(c) The commission shall consider the request at its next available regularly scheduled or special public meeting. Approval or denial shall be based on the following criteria:

(1) Proposed work on any portion of a landmark or historic property shall be compatible with the recognized distinctive character of the overall property;

(2) Proposed work on any portion of a contributing property within an historic district shall be compatible with the recognized distinctive character of the property itself, as well as with that of the overall district, as determined by conformance with adopted design guidelines of the district;

(3) Proposed new work within an historic district shall be compatible with the recognized distinctive character of the district, as determined by conformance with adopted design guidelines of the district; and

(4) If federal funds, in the form of grants, tax incentives or other programs, are employed, directly or indirectly, in financing proposed work, the secretary of the interior's standards for the treatment of historic properties shall be applicable, in addition to the criteria specified in paragraphs (1) through (3) of this subsection above.

(d) The commission shall act to approve, deny, conditionally approve or continue an application at the public meeting at which it is initially reviewed. The HPO shall issue and record a notice of approval or denial and specify the reasons for, and any conditions of, the commission's action.

(e) Approval of an application by the commission or HPO shall be valid for a period of one year from the date of approval.

(f) When a permit or other approval is sought from the city to alter, remodel, build or otherwise develop or landscape property classified as historic eligible, issuance of the permit or approval shall be subject to clearance by the HPO. Such clearance shall be issued within thirty (30) calendar days from the date of application, during which time the HPO will assess potential
adverse impact, suggest alternatives, and may consult with the commission and city council. If, by the end of the thirty (30) day period, no clearance has been issued or no alternative, agreeable to the applicant, has been suggested, the original request shall be granted, provided all other applicable requirements have been met.

(g) When a permit or other approval is sought from the city to alter, remodel, build or otherwise develop or landscape property classified as archeologically sensitive, the applicant shall be advised as to the status of the property, potentially applicable state and federal requirements, and suggested course(s) of action. In the case of city-owned property or right-of-way, applicable state and federal requirements shall determine the appropriate course of action.
(Ord. No. 95.35, 11-9-95; Ord. No. 2000.25, 6-15-00)

(a) When a permit or other approval is sought from the city to demolish or remove a designated property, issuance of the permit or approval shall be deferred until after approval has been obtained from the historic preservation commission, or in the cases of work obviously minor in nature or involving an imminent hazard to public safety, the HPO. The issuance of such approval indicates conformance with the provisions and intent of this chapter only and does not imply approval by other city regulatory agencies.

(b) Review by the commission of a request for approval of proposed demolition or removal shall require submittal to the HPO of:

   (1) An application, on such form(s) and accompanied by such fee(s) as may be adopted;

   (2) Photographs of the existing property;

   (3) A preliminary plan of redevelopment for the parcel indicating an intended use that is in compliance with the general plan and existing or proposed zoning and other applicable regulations, as well as with §14A-6 of this chapter;

   (4) If economic relief is requested, supporting documentation necessary to demonstrate applicability of the standards as described in subsection (d) of this section; and

   (5) Any other information which the applicant or the commission may reasonably deem necessary to review the request.

(c) The commission shall consider the request at its next regularly scheduled or special public meeting. Approval or denial shall be based on the following criteria:

   (1) The property which is proposed for demolition or removal is of no historic or architectural value or significance and does not contribute to the distinctive character of the property;
(2) Loss of the property would not adversely affect the integrity, nor diminish the distinctive character of an historic district; and

(3) If economic relief is requested, applicability of the standards as described in subsection (d) of this section below.

(d) An application for demolition may be accompanied by a request for economic hardship relief. Separate standards for granting economic hardship relief to allow demolition or removal of a designated property are hereby established for investment or income producing properties, and for non-income producing properties. Non-income producing properties shall consist of owner-occupied single-family dwellings and non-income producing institutional properties. Economic hardship relief shall be granted as follows:

(1) In regard to an income producing property, when the applicant demonstrates that a reasonable rate of return cannot be obtained from a property which retains features which contribute to its distinctive character in its present condition or if rehabilitated, either by the current owner or a potential buyer; or

(2) In regard to a non-income producing property, when the applicant demonstrates that the property has no reasonable use as a single-family dwelling or for an institutional use in its present condition, or if rehabilitated, either by the current owner or a potential buyer.

(e) Economic hardship relief shall not be granted due to any of the following circumstances:

(1) Willfully destructive acts by the owner;

(2) Purchase of the property for substantially more than the market value;

(3) Failure to perform ordinary maintenance and repair; or

(4) Failure to diligently solicit and retain tenants or provide normal tenant improvements.

(f) The commission shall act to approve, deny, conditionally approve or continue an application at the public meeting at which it is initially reviewed. The HPO shall issue and record a notice of decision and specify the reasons for, and any conditions of, the commission's action.

(g) Approval of an application by the commission or HPO shall be valid for a period of one year from the date of approval.

(h) If a request for a proposed demolition or removal is denied by the commission, no demolition or removal will be permitted for a period of no more than one hundred eighty (180) days from the date on which the request was denied. During the period of restraint of demolition or removal, the commission and HPO will attempt to secure whatever assistance as may be feasible to effect the preservation of the property, such as economic assistance, acquisition, purchase of a preservation easement, or location of a buyer who, upon purchase at terms
agreeable to the owner, will enter into a preservation covenant with the city for period of at least five (5) years. If the commission or HPO is unable to secure such assistance within the period of restraint, the proposed demolition or removal will be allowed, subject to the issuance of the appropriate permit by the building official of Tempe.

(i) If the building official finds that a designated property is an imminent hazard to public safety and, together with the HPO, determines that repairs or relocation would not be appropriate or feasible, the HPO shall approve the necessary demolition or removal, subject to issuance of the appropriate permit by the building official.

(j) When a permit or other approval is sought from the city to demolish or remove a property classified as historic eligible, issuance of the permit or approval shall be subject to clearance by the HPO. Such clearance shall be issued within thirty (30) calendar days from the date of application, during which time the HPO will assess adverse impact, suggest alternatives, and may consult with the commission and city council. If, by the end of the thirty (30) day period, no clearance has been issued or no alternative, agreeable to the applicant, has been suggested, the original request shall be granted, provided all other applicable requirements have been met.

(k) When a permit or other approval is sought from the city to demolish or remove a property classified as archeologically sensitive, the applicant shall be advised as to the status of the property, potentially applicable state and federal requirements, and suggested course(s) of action. In the case of city-owned property or right-of-way, applicable state and federal requirements shall determine the appropriate course of action.
(Ord. No. 95.35, 11-9-95; Ord. No. 97.20, 4-10-97; Ord. No. 2000.25, 6-15-00)

(a) The applicant for approval of proposed alteration, new construction, demolition or removal, or designation, or classification as historic eligible, or the owner of any such property, or the community development director, or any member of the city council, may appeal any decision of the historic preservation commission to the city council by filing written notice of appeal and any applicable fee, as may be adopted, with the city clerk within ten (10) working days of the date of the commission's action, in accordance with Rule 6 of Arizona Rules of Civil Procedure of the State of Arizona.

(b) Notice of an appeal and the date set for its review by the city council shall be published at least once, not less than seven (7) days prior to the council meeting at which such appeal is to be heard.

(c) The city clerk shall set the date for a public hearing of the appeal by the council within thirty (30) days of the filing of the appeal.
(Ord. No. 95.35, 11-9-95; Ord. No. 97.20, 4-10-97; Ord. No. 2000.25, 6-15-00; Ord. No. 2001.17, 7-26-01; Ord. No. 2005.18, 4-7-05; Ord. No. 2010.02, 2-4-10)

(a) Ordinary maintenance and repair of a designated property shall be performed by the owner and shall not require specific approval from the HPO or commission, provided that such
maintenance or repair does not significantly alter the features which contribute to the distinctive character of such a designated property.

(b) The owner of a designated property shall not permit the property to fall into a state of disrepair so as to result in the deterioration of any significant exterior feature which would have a detrimental effect on the distinctive character of the property itself or, that of the overall district, if located within an historic district.

(c) The condition of the property at the time of its designation shall be the standard of reference for the evaluation of future deterioration.

(d) Examples of deterioration which shall be prevented by the owner of the designated property by means of ordinary maintenance and repair shall include, but not be limited to the following:

1. Excessive erosion, reverse drainage and other preventable site conditions which may adversely affect significant buildings and structures;

2. Loss of structural integrity due to deterioration of footings, load-bearing walls or columns, beams, trusses or other support members;

3. Weathering or damage to exterior elements such as wall and roof surfaces, chimneys, balustrades, doors, windows and other architectural features;

4. Loss of weather-tightness or security due to any of the above; or

5. Deterioration of any feature so as to create a hazardous condition which could lead to the claim that demolition is necessary as a matter of public safety.

(e) In order to prevent demolition by neglect, resulting from deterioration as described in subsection (d) of this section above, the city may effect repairs to a landmark, historic property or contributing property within an historic district and treat the cost of such repairs as a lien against the property.

(f) Enforcement of this section shall be the responsibility of the city manager or designee. (Ord. No. 95.35, 11-9-95)

Sec. 14A-10. Incentives.

It is the intent of the city to make ownership of a landmark, historic property or property within an historic district as beneficial as possible. In addition to the intangible benefits of owning a property recognized as an important community resource, the HPO or commission may, when applicable and possible, provide such owners with the following:

1. Assistance in locating potential sources of financial assistance and tax credits;

2. Assistance in preparing grant applications and potential third party sponsorship;

3. Technical information and referrals;
(4) Assistance in locating buyers or sellers;

(5) Assistance, through the neighborhood programs office, in the formulation and operation of a neighborhood association; and

(6) Assistance in obtaining other benefits as may become available through the city or other sources.

(Ord. No. 95.35, 11-9-95)

(a) Any person who constructs, alters, neglects, demolishes or removes a property or portion thereof in violation of the provisions of this chapter may be required to restore the property to its appearance prior to the violation.

(b) Enforcement of this section shall be the responsibility of the city manager or designee. Any resulting action regarding a violation of any provision of this chapter shall be brought by the city attorney. The civil remedy shall be in addition to, and not in lieu of, any criminal prosecution and penalty.

(c) Any person found to be in violation of any provision of this chapter shall be guilty of a misdemeanor, punishable in accordance with § 1-7 of this code.

TEMPPE HISTORIC PRESERVATION PLAN
Adopted 17 July 1997 by the Tempe City Council, Resolution 97.44; revisions adopted 15 June 2000, Resolution 2000.34.

I. Introduction

Tempe enjoys a rich multi-cultural heritage evident through its historic buildings, neighborhoods and structures. Less visible, but equally important, are the archaeological resources of Tempe's past. Protection and enhancement of Tempe's heritage is critical to preserving the unique identity of our community. The blending of the past with the present enriches our city and all of its citizens.

In November of 1995, both as an expression of civic pride and the beginning of the future of historic preservation in Tempe, the Tempe City Council unanimously adopted the Tempe Historic Preservation Ordinance. Most importantly, the ordinance created the Tempe Historic Preservation Commission, the Office of the Tempe Historic Preservation Officer, and the Tempe Historic Property Register.

As one of its first acts, the Commission prepared a Preservation Plan. The Plan identified goals and policies for historic preservation in Tempe. These goals and policies are hereby refined and updated.

II. Goals

The Commission recognizes three goals for historic preservation in Tempe:

1. To identify, preserve and protect significant historic properties and archaeological sites.

2. To foster economic vitality through preservation of properties which contribute to the historic character of the community.

3. To integrate historic preservation planning with that conducted by boards, commissions, neighborhood and redevelopment planning efforts as a means to protect and enhance community heritage and compliment City redevelopment plans.

III. Goal Components

1. Advise. Advise the City Council and other applicable City boards and commissions on all matters within the Commission's purview.

2. Inventory and Designate. Recommend, to the Planning and Zoning Commission, inclusion on the Tempe Historic Property Register. Identify, through inventory and assessment, methods, structures and localities where historic properties are imperiled, in order to ensure that alternatives to destruction are considered, and, use such methods to set preservation priorities and promote the identification and classification of properties that are eligible for historic designation.

3. Review. Review requests to alter, remodel, rebuild or otherwise develop designated properties. Review requests to demolish or remove a designated property.
4. Assist. Assist in making ownership of an historic property as beneficial as possible. Help by designating properties to the Tempe Register and assisting their owners to obtain incentives for preservation by rehabilitation, restoration or maintenance. Develop financial and other incentives with the City that will encourage the preservation of historic properties.

5. Educate. Increase public awareness among residents and businesses of the value of historic preservation. Promote education in Tempe history and historic properties in local schools.

6. Compile. Compile information about historic properties and the historic character of Tempe for the purpose of identifying structures, properties, districts and archaeological sites worthy of preservation. Share this information with boards, commissions, neighborhood and redevelopment planning efforts, as well as the general public, so that it may be considered in current and future development.

IV. Policies

1. Prehistoric archaeological resources are of special concern to Native American groups. The City, represented by the Historic Preservation Officer and Commission, will consult with representatives of Native American tribes to identify concerns regarding the treatment of archaeological resources.

2. Preservation "in place" is the preferred outcome for the long-term management of historic properties. When this is not possible, relocation or documentation is the recommended alternative to preserve the historic characteristics of the property.

3. When the goals of the Historic Preservation Commission are in conflict with those of other boards, commissions, neighborhood or redevelopment planning efforts, a solution based on consensus and compromise (defined in a Memorandum of Understanding) is the preferred outcome.

V. Conclusion

As set forth above, this is a plan of action to implement the Tempe Historic Preservation Ordinance, and a mission statement for the Tempe Historic Preservation Commission. Strategic goals will be developed by the Commission as part of an action plan.

Please accept this letter as our request for historic designation and listing in the Tempe Historic Property Register of our home at 1220 South Maple Avenue. We hereby authorize the Tempe Historic Preservation Officer or his designee to act as the applicant or to otherwise represent us as property owners for purposes of completing the historic designation and listing process.

It is with great pride that we request historic designation of the property that has been our home for more than 33 years. Although Assessor's data indicates the year built as 1940, we believe that a careful check of the records will date construction at parcel number 132-45-084 to the year 1938. In either case, our home maintains excellent historic integrity and is among the very earliest residences still standing in Tempe.

Located in the Maple-Ash Neighborhood, it is also with a tremendous sense of civic responsibility that we request this historic property designation. Tempe's oldest remaining residential neighborhood, Maple-Ash is recognized by citizens throughout our community and across the entire Valley as Tempe's premier Historic District. Yet this recognition remains unofficial. Gage Addition, Park Tract, and College View, the subdivisions comprising the modern neighborhood, together interpret the broad patterns of our community development with singular accuracy and succinctness, yet they continue to lack official district designation. And so we, as property owners, hereby join with a growing group of neighbors to take the individual action that must serve as the limited alternative to historic district designation.

Please accept this letter along with our application, waiver, and other information necessary to complete a nomination for historic property designation and listing in the Tempe Historic Property Register for our residence at 1220 South Maple Avenue, Tempe. Thank you for your courtesy and cooperation in this important preservation activity.

Yours Very Truly,
