The project will take more time and money to complete than previously announced. The main entrance will remain fully accessible during construction. Chris asked where the money comes from for these repairs and Kathy stated the funds come from the Public Works facility fund and does not impact the Library's budget.
 - Campus updates – The Library has been working with the City Attorney and Police Department to determine the placement of no trespassing signs as well as the number of signs that will be used. The Library will submit a supplemental budget request for more guard coverage seven days a week.
 - Human Services remodel project – An architect and HVAC consultant were onsite in mid-December to determine the heating and cooling needs for the remodeled areas. The walkthroughs are done, and Human Services expects the remodel to be completed by June 2019.
