**PRESENTATION: ASCEND CHURCH**
Architect for Ascend Church – new church that is relocateing to property on Guadalupe & Juniper. It is currently two parcels that will be combined, one is a vacant lot and the other has two existing buildings which they will be creating a campus with on the property. The architect has designed a new sanctuary building for them and the two existing buildings will be used for Sunday school sessions. They were originally planning to use a shared parking access, but they reworked the site plan. Wanted to bring before Commission to get initial ideas and feedback. The building on the South side will be vacant at the end of the month and that other is being used as offices. The sanctuary building will be able to seat about 250-300 people. Exterior will be painted stucco with some metal siding and glass. The Commission did not find any concerns with the project.
