USE PERMIT
The proposed use requires a Use Permit to allow a gun shop in the PCC-1 zoning district.

Section 6-308(E) Approval Criteria for Use Permits (in italics):

1. Any significant increase in vehicular or pedestrian traffic; the proposed use is not expected to generate more vehicular and pedestrian traffic than other types of retail and service uses allowed by right in the PCC-1 zoning district.

2. Nuisance arising from the emission of odor, dust, gas, noise, vibration, smoke, heat or glare at a level exceeding that of ambient conditions; all business activities will take place indoors and is therefore not expected to generate emissions that would otherwise cause a nuisance.

3. Contribution to the deterioration of the neighborhood or to the downgrading of property values, which is in conflict with the goals, objectives or policies for rehabilitation, redevelopment or conservation as set forth in the city’s adopted plans or General Plan; the proposed use is permitted, subject to a use permit, in the PCC-1 zoning district which is in concert with the designed land use of the City of Tempe General Plan 2040.

4. Compatibility with existing surrounding structures and uses; this will be the third gun shop located at the Mill Town Center. The first gun shop, approved by the Hearing Officer on 4/3/2018, is a traditional firearms retail store, while the second, approved by the Hearing Officer on 5/6/2018, is a concierge-style gun shop, similar to THE POWDER KEG, LLC. Moreover, there will be no exterior changes to the store front or building.

5. Adequate control of disruptive behavior both inside and outside the premises which may create a nuisance to the surrounding area or general public; a security plan is in place which involves video surveillance, security sensors, and increased entry security.
