FISCAL NOTE: Sufficient funds have been appropriated in 65-986854A.

RECOMMENDATION: Approve the renewal of the contract.

ADDITIONAL INFO: Council originally approved the award of this contract on March 1, 2007. Staff is requesting that the contract be renewed for an additional year under the available renewal options. This contract provides for the rental of pumps and supply of fuel to temporarily pump high nutrient water from upstream of Tempe Town Lake. Up to 20 million gallons per day is pumped to a storm drain bypass pipeline that re-enters the Salt River, downstream from the west dam of Town Lake. The pumping activity will occur in the spring and autumn. A permanent pump station is under design to replace the rented pumps.
