1st Q	Jul-Sep 12	\$243,711	\$142,070	4.0%	6.9%

Franchise Fee revenues are collected based on specific agreements with service providers in the city, including Arizona Public Service (2% of revenue), Cox Communications (5% of gross revenue), Southwest Gas (2% of gross revenue), and a number of telecommunications service providers. These fees contribute 2.1% of annual General Fund revenue. Franchise Fee payments are 32.6% of the budgeted amount through the second quarter of FY 12-13, compared to 36.3% historically. In terms of budget to actual variance, collections are 10%, or \$128 thousand below the budgeted value. This variance is due to underperformance in Telecommunications Franchise Fee collections. While this level of variance warrants negative monitoring status for Franchise Fees, it is worth noting that performance has improved from the prior quarter's 42% negative variance.

These revenues are distributed based on Tempe's share of the state urban population as determined by the U.S. Census. In total, these revenues constitute 21% of budgeted revenue for FY 12-13, making this the second largest General Fund revenue source after Sales Taxes. Through the second quarter of FY 12-13, actual collections are 47.9% of budget, compared to a historical average of 49%. When compared to the same time period of last fiscal year, cumulative collections through the second quarter are 9% higher. The Non-Departmental category of the budget includes items that do not directly relate to the operations of any one of the City's operating departments. Some examples of such expenditures include the payment of the Tempe Convention and Visitors Bureau's portion of the Bed Tax, the operating budget and agency funding allocations to the Tempe Community Council, and the Insight Bowl sponsorship. Through the second quarter of FY 2012-13 Non-Departmental expenditures are 61.2% of budget compared to the historical pattern of 31.2%. In terms of variance from budget through the second quarter, expenditures are \$1.6 million or 109.1% above the expected amount. This is due to two issues. First, the timing of a payment for the Insight Bowl sponsorship, which has been paid entirely in the 4th quarter in the past but was paid in the first quarter of FY 2012-13. In addition, the Non Departmental Budget includes an offsetting credit (a negative budget) to account for ongoing vacancy savings in General Fund departments. As of the end of the second quarter these savings have accumulated in the individual departments, and in many cases represent the budget savings shown in the preceding pages of this report. Based on discussions with the Senior Management Team the Finance and Technology Department will transfer these savings from the departmental budgets to the Non-Departmental budget to offset a portion of the credit.
