DISTINGUISHING CHARACTERISTICS

This is the advanced level professional class within the Safety and Training Specialist series. This class is distinguished from the Safety and Training Specialist I+ by the performance of the full range of duties, as well as managing the more complex assignments. Employees at this level receive only occasional instruction or assistance as new or unusual situations arise and the employee is fully aware of the safety programs, procedures and policies of the work unit.

REPORTING RELATIONSHIPS

Receives general supervision from the Safety and Risk Coordinator or other management staff.
 May exercise functional or technical supervision over Safety and Training Specialist I+ and City of Tempe employees relative to safety and loss prevention programs.

MINIMUM QUALIFICATIONS

<i>Experience:</i>	Four years of full-time professional level experience in safety, accident prevention, and training.
<i>Education:</i>	Equivalent to a bachelor's degree from an accredited college or university in Occupational Safety and Health, Risk Management, or a degree directly related to the core functions of the position.
<i>License / Certification:</i>	<ul style="list-style-type: none"> ● Must possess and maintain a valid driver's license. ● Credential as a Certified Safety Professional by the Board of Certified Safety Professionals is preferred. ● Possession of OSHA 500 and 501 training certifications are preferred.

ESSENTIAL JOB FUNCTIONS

Essential job functions are the fundamental duties of a position: the things a person holding the job absolutely must be able to do.

To actively support and uphold the City's stated mission and values. To assist City Staff in the development, implementation and coordination of the City's safety and health programs to ensure all employees have a safe and healthful work environment, and are knowledgeable of workplace hazards.

OTHER DUTIES AS ASSIGNED

Please note this job description is not designed to cover or contain a comprehensive listing of all activities, duties or responsibilities that are required of the employee for this job. Duties, responsibilities and activities may change at any time with or without notice.

- Perform job duties adequately and properly; follow personnel and department policies and operating procedures; show respect, tact, and courtesy in dealings with coworkers and the general public; behave in a manner that does not obstruct or hinder other employees from completing their duties; act in a manner that is safe and follow the City's safety procedures at all times.
- Authorized to immediately suspend activities that are deemed unsafe and pose a threat to employee safety or health;
- Assist the Safety and Risk Coordinator and Industrial Hygienist in the administration of City-wide safety and health programs. These activities may include, but are not limited to: developing, implementing and coordinating safety and health programs, developing safe work procedures and guidelines, conducting work site and equipment safety assessments, conducting accident investigations, analyzing loss data to identify trends, designing corrective action plans, conducting respiratory fit testing, assisting with management of the City's gas detector program and updating of written safety programs;
- Assist citywide or department level safety committees, serve on special committees or projects as assigned; participate and coordinate periodic special events, activities and awareness campaigns;
- Serve as a technical safety resource for departments to assist and guide management and employees in resolving safety concerns; recommend measures to improve internal processes and best practices regarding safety programs in order to help protect workers from potentially hazardous work methods, processes or materials;
- Coordinate with city departments to develop, implement and conduct safety and health training programs in compliance with OSHA regulatory standards; develop safety and health training curricula and associated materials for performance-oriented training, instructor-led training, computer-based training and online learning; and approve course materials from contracted safety trainers;
- Perform administrative duties associated with Risk Management safety and health training, organize and plan the Risk Management safety training calendar, conduct all training preparation work, coordinate training schedules and calendars with city departments;
- Responsible for maintaining accurate and organized documentation of Risk Management safety training courses (e.g., test scores, evaluations and attendance sign in sheets); oversee the City's Enterprise Learning Management System for Risk Management to include creation of safety courses and population of safety course rosters;
- Create and enhance the safety culture within the City of Tempe by promoting safety team building among all employees through workshops, supervisor guidance and continual communication among all employees. Mentor city personnel assigned as safety representatives

for respective departments;

- Design, produce and distribute newsletters, safety and health bulletins and flyers regarding safety activities and awareness campaigns; keep up to date with new legislation and any safety and health developments that affect the City of Tempe;
- Develop safety training outlines and lesson plans for front line supervisors to assist them in the delivery of tool box safety topics to their work groups;
- Develop and present safety reports as needed or requested by departments or Risk Manager; document safety assessments, accident investigations, and safety concerns through written memos or reports to supervisors and management;
- Develop, maintain and provide content for the Risk Management Safety web site; serve as editor of the site's content; responsible for making improvements or enhancements to website design, verifying links and updating safety documents on the site;
- Assist in determining recordability of workplace injuries and assist in documenting and recording workplace injuries on the electronic OSHA 300 log.
- Serve as a PeopleSoft Enterprise Learning Management (ELM) Power Training Administrator for the Finance and Technology Department; create, schedule and populate safety related courses in the ELM system;
- Update and maintain multi-media safety training compliance library;
- Perform related duties as assigned;
- Physically present to perform the duties of the position.

PHYSICAL DEMANDS *AND* WORK ENVIRONMENT

- Operate city vehicles;
- Work in a stationary position for long periods of time;
- Operate computers, calculators and other office machines using repetitive hand/eye movement;
- Lift move heavy object (up to 75 lbs.);
- May move heavy objects with a dolly or hand truck (up to 75 lbs.);
- May climb stairways, ladders, and work on elevated structures;
- May operate bucket truck, forklift and cranes while conducting training courses;
- May traverse uneven surfaces during site visits and/or safety evaluations;
- May work in confined areas during site visits and/or safety evaluations;
- May work out-of-doors in inclement weather during site visits and/or safety evaluations;
- May have exposure to heat, cold, dampness, dust, pollen, odors, fumes, etc. during site visits and/or safety evaluations;
- May have exposure to hazards of electrical shock, falls, noise, equipment operation, etc. during site visits and/or safety evaluations;
- May have exposure to chemicals, petroleum products, cleaning agents, fumes, etc. during site visits and/or safety evaluations;
- May require working extended hours;
- May work alone for extended periods of time.
