

# WEEDS

A silhouette of tall grasses and weeds, rendered in shades of gray, positioned below the title 'WEEDS' and above the first paragraph of text.

The City of Tempe's Code Compliance team is currently conducting code inspections to encourage well-maintained neighborhoods and alleys.

Many properties this time of year experience an excessive growth of grass and weeds. Please note that tall grass and weeds are violations of the Tempe City Code.

If this exists on your property, please remove all weeds from gravel areas and any portions of grass that are higher than 12 inches throughout your property, including the alley. Grass and weeds must be bagged and properly disposed of in the trash.

Code Compliance staff will be in your area in the near future to address high grass and weed complaints. To report a violation please call 480-350-4311 or online at [www.tempe.gov/code](http://www.tempe.gov/code).

Thank you for your help in keeping Tempe looking great.

For more information about Code Compliance and our assistance programs go to [www.tempe.gov/code](http://www.tempe.gov/code).
