Date of first consultation: _____ Date of follow-up consultation: _____

Policy Requirements:

1. The applicant must be the owner of the home OR have the permission of the owner to install new irrigation components and receive the rebate funds.
2. Home of installation must have a Tempe address and be a Tempe water customer.
3. Only homes with established lawns qualify for this rebate. New lawn installations will not be approved.
4. A pre-consultation to discuss components and a post-consultation to verify installation are required.
5. Application deadline is NO LATER THAN 3 MONTHS after the purchase and installation of components is complete.
6. The rebate covers 100% of the purchase price (up to \$500) for smart controllers, pressure compensating spray heads, high efficiency nozzles, flow sensors and rain sensors. This rebate does NOT cover the cost of labor.
7. Applications must include a copy of the itemized receipt showing the high efficiency components purchased.
8. The City recommends that the installation of irrigation components be performed by a qualified irrigation technician. It is the responsibility of the owner to insure proper installation.
9. All rebates are subject to availability of funds and policy requirements are subject to change and updates.

The application is incomplete without a signature. By signing this document, I certify that I have read, understand, and agree to abide by the above policy requirements:
