B. Annual Plan Elements

B.1 Revision of PHA Plan Elements

Financial Resources: The City of Tempe provides a recurring Administrative Fee supplemental funding of $190,000 per Fiscal Year in support of the HCV Program. Due to the uncertainty of the Administrative Fee Funding proration for Calendar Years 2018 and 2019, the PHA has requested an additional $160,000 of funding to ensure there is sufficient funding to appropriately administer the program. This would bring the total amount of City funded support to $350,000 for the Fiscal Year beginning July 1, 2018.

Rent Determination: During the Fiscal Year beginning July 1, 2017, the PHA began implementing Payment Standards in accordance with HOTMA and reasonable accommodation increases to 120% of FMR. There is no decrease in the payment standard if the FMR decreases as long as the family remains in the same unit, decreases would be effective upon the move to a new unit. Additionally, the PHA has begun utilizing Go Section 8 as the software provider to assist with Rent Reasonableness Determinations.

B.2 New Activities: The PHA is actively undertaking new activities; however, not specifically listed on HUD Form. The PHA is a part of the City of Tempe’s Housing Services Group, and as such actively participates with the other services provided:

- The Agency is currently administering a HOME TBRA program designed to end/prevent homelessness for individuals who are currently homeless, or will be homeless due to fleeing Domestic Violence. The current program serves 20 families, and is being expanded to support a maximum of 40 families.
- The Agency is exploring opportunities with the Regional Behavioral Health Authority for an expansion of the Bridges to Permanency program. The current program serves 25 families.
- The Agency is working with the newly formed Affiliate Non-Profit and the Community Development Block Grant (CDBG) program on a new initiative in which a portion of CDBG funding is utilized to purchase homes. These homes are then managed by, the Tempe Coalition for Affordable Housing, Inc as permanently affordable rental homes available to Tempe residents with an income range of 0% to 80% of the current AMI. Additionally, the Agency is reviewing the feasibility of Project Basing vouchers to these units. Should it be determined to be feasible and in the community best interest, then the Agency will initiate the process of project basing units.
- The Agency is working through the development and implementation of a collaboration with market rate developers for the inclusion of Workforce housing units being included in new complexes (single or multiple). These units would be subject to a monitoring requirement, and if this endeavor is successful the Agency would provide the income/eligibility verification during the affordability period.
The Agency is actively seeking outside grants and reviewing all leveraged funding options to support the mission of providing affordable housing to the residents of Tempe. All successful grant applications would be in conjunction with partner agencies, with the eligibility being determined by the PHA.

B.4 Most Recent Fiscal Year Audit: During the recent Fiscal Year ending June 30, 2017 financial audit there were findings. The attached Single Audit Report details the audit findings from the prior year, the current year and the corrective action plan. It is important to note that many of the audit findings from the prior year audit have already been addressed and are either closed, or substantially completed.

B.5 Progress Report: The PHA continued to make progress in meetings its Mission and Goals as described in the 5-Year Plan and Annual Plan through the following actions:

- Maintaining the availability of decent, safe and affordable housing
- Project Basing 15 units within the Valor on 8th project for low to extremely low-income families
- Increased promotion of the PHA’s Family Self Sufficiency Program
- Working to promote equal opportunity and affirmatively furthering Fair Housing
- Conducting outreach to property owners increasing the available options for voucher holders
- Partnering with the Regional Behavioral Health Authority (Mercy Maricopa Integrated Care) to administer a Bridge to Permanency Program
- Successfully applying for the award of HUD-VASH vouchers
- Development of an Affiliate Non-Profit, Tempe Coalition for Affordable Housing, Inc
- Development and Implementation of a HOME-TBRA program for families/individuals who are homeless or are homeless due to fleeing Domestic Violence (as defined by VAWA)
- Increase voucher utilization and leasing maximization

B.6 Resident Advisory Board (RAB) Comments: During the process of updating the Administrative Plan and the Annual PHA Plan, feedback from the RAB was solicited. Only two of the members provided written feedback at the final review meeting. These comments are attached immediately following this Supplemental Information. In reviewing and discussing the comments, one member voiced concern over the loss of availability to specialty populations. Staff provided additional clarification that the specialty programs were additional programs and not a reduction in the assistance available to the HCV program participants.

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

Independent Auditor’s Report

The Honorable Mayor and Members of the City Council
City of Tempe, Arizona

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of City of Tempe, Arizona, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise City of Tempe, Arizona’s basic financial statements, and have issued our report thereon dated December 15, 2017. Our report included an emphasis of matter paragraph as to comparability because of the implementation of Governmental Accounting Standards Board Statement Nos. 74 and 77.

Internal Control Over Financial Reporting
In planning and performing our audit of the financial statements, we considered City of Tempe, Arizona’s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of City of Tempe, Arizona’s internal control. Accordingly, we do not express an opinion on the effectiveness of City of Tempe, Arizona’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.
Compliance and Other Matters
As part of obtaining reasonable assurance about whether City of Tempe, Arizona’s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report
The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity’s internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity’s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance for Each Major Federal Program; Report on Internal Control Over Compliance; and Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

Independent Auditor’s Report

The Honorable Mayor and Members of the City Council
City of Tempe, Arizona

Report on Compliance for Each Major Federal Program
We have audited City of Tempe, Arizona’s compliance with the types of compliance requirements described in the OMB Compliance Supplement that could have a direct and material effect on each of City of Tempe, Arizona’s major federal programs for the year ended June 30, 2017. City of Tempe, Arizona’s major federal programs are identified in the summary of auditor’s results section of the accompanying schedule of findings and questioned costs.

Management’s Responsibility
Management is responsible for compliance with the requirements of federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor’s Responsibility
Our responsibility is to express an opinion on compliance for each of City of Tempe, Arizona’s major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about City of Tempe, Arizona’s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of City of Tempe, Arizona’s compliance.
### Basis for Qualified Opinion on Community Development Block/Entitlement Grants, Home Investment Partnerships Program, and Section 8 Housing Choice Vouchers

As described in Findings 2017-001, 2017-002, 2017-003 and 2017-004 in the accompanying schedule of findings and questioned costs, City of Tempe, Arizona did not comply with requirements regarding the following:

<table>
<thead>
<tr>
<th>Finding Number</th>
<th>CFDA Number</th>
<th>Program (or Cluster) Name</th>
<th>Compliance Requirement</th>
</tr>
</thead>
<tbody>
<tr>
<td>2017-003</td>
<td>14.218</td>
<td>Community Development Block/Entitlement Grants</td>
<td>Subrecipient Monitoring</td>
</tr>
<tr>
<td>2017-003</td>
<td>14.239</td>
<td>Home Investment Partnerships Program</td>
<td>Subrecipient Monitoring</td>
</tr>
<tr>
<td>2017-004</td>
<td>14.218</td>
<td>Community Development Block/Entitlement Grants</td>
<td>Equipment and Real Property Management</td>
</tr>
</tbody>
</table>

Compliance with such requirements is necessary, in our opinion, for City of Tempe, Arizona to comply with the requirements applicable to that program.

### Qualified Opinion on Community Development Block/Entitlement Grants, Home Investment Partnerships Program, and Section 8 Housing Choice Vouchers

In our opinion, except for the noncompliance described in the Basis for Qualified Opinion paragraph, City of Tempe, Arizona complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on Community Development Block/Entitlement Grants, Home Investment Partnerships Program, and Section 8 Housing Choice Vouchers for the year ended June 30, 2017.

### Unmodified Opinion on Highway Planning and Construction and Federal Transit Formula Grants

In our opinion, City of Tempe, Arizona complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its other major federal programs identified in the summary of auditor’s results section of the accompanying schedule of findings and questioned costs for the year ended June 30, 2017.

### Other Matters

The results of our auditing procedures disclosed other instances of noncompliance, which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as items 2017-005, 2017-006 and 2017-007. Our opinion on each major federal program is not modified with respect to these matters.

City of Tempe, Arizona’s responses to the noncompliance findings identified in our audit are described in the accompanying schedule of findings and questioned costs. City of Tempe, Arizona’s responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.
Report on Internal Control Over Compliance

Management of City of Tempe, Arizona is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered City of Tempe, Arizona's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of City of Tempe, Arizona’s internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control over compliance that we consider to be material weaknesses and significant deficiencies.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items 2017-001, 2017-002, 2017-003 and 2017-004 to be material weaknesses.

A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items 2017-005 and 2017-007 to be a significant deficiencies.

City of Tempe, Arizona's responses to the internal control over compliance findings identified in our audit are described in the accompanying schedule of findings and questioned costs. City of Tempe, Arizona's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance
We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of City of Tempe, Arizona as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise City of Tempe, Arizona’s basic financial statements. We issued our report thereon dated December 15, 2017, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

CITY OF TEMPE, ARIZONA
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
YEAR ENDED JUNE 30, 2017

NOTE 1 – BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (Schedule) includes the
federal grant activity of City of Tempe, Arizona under programs of the federal government for
the year ended June 30, 2017. The information in the Schedule is presented in accordance with
the requirements of the Uniform Guidance. Because the Schedule presents only a selected
portion of the operations of the City, it is not intended to and does not present the financial
position, changes in net position or cash flows of the City.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the modified accrual basis of
accounting. Such expenditures are recognized following the cost principles contained in the
applicable Uniform Guidance, wherein certain types of expenditures are not allowable or are
limited as to reimbursement. Any negative amounts shown on the Schedule represent
adjustments or credits made in the normal course of business to amounts reported as
expenditures in prior years. Pass-through entity identifying numbers are presented where
available.

NOTE 3 – CATALOG OF FEDERAL DOMESTIC ASSISTANCE (CFDA) NUMBERS

The program titles and CFDA numbers were obtained from the federal or pass-through grantor
or the 2017 Catalog of Federal Domestic Assistance. When no CFDA number had been
assigned to a program, the two-digit federal agency identifier, a period, and the federal contract
number were used. When there was no federal contract number, the two-digit federal agency
identifier, a period, and the word “unknown” were used.

NOTE 4 – INDIRECT COST RATE

The City has not elected to use the 10% de minimis cost rate as covered in §200.414 Indirect
(F&A) costs.

FINDINGS AND QUESTIONED COSTS RELATED TO FEDERAL AWARDS

Finding Number: 2017-001
Repeat Finding: Yes – 2016-006
Program Name/CFDA Title: Section 8 Housing Choice Vouchers
CFDA Number: 14.871
Federal Agency: U.S. Department of Housing and Urban Development
Federal Award No.: N/A
Pass-Through Agency: N/A
Questioned Costs: N/A
Type of Finding: Noncompliance, Material Weakness
Compliance Requirement: Special Tests and Provisions

CRITERIA
The Public Housing Agency (PHA)’s administrative plan must state the method used by the PHA to determine that the rent to owner is reasonable in comparison to rent for other comparable unassisted units. The PHA determination must consider unit attributes such as the location, quality, size, unit type, and age of the unit, and any amenities, housing services, maintenance, and utilities provided by the owner. The PHA must determine that the rent to owner is reasonable at the time of initial leasing. Also, the PHA must determine reasonable rent during the term of the contract: (a) before any increase in the rent to owner, and (b) at the HAP contract anniversary if there is a five percent decrease in the published Fair Market Rent in effect 60 days before the HAP contract anniversary. The PHA must maintain records to document the basis for the determination that rent to owner is a reasonable rent (initially and during the term of the HAP contract) (24 CFR sections 982.4, 982.54(d)(15), 982.158(f)(7), and 982.507).

CONDITION
The PHA did not implement a compliant rent comparability methodology for examinations as stated in the Administrative Plan.

CAUSE
The City lacked the proper internal controls over the management of the determination of reasonable rent.

EFFECT
The City’s methodology to determine rent reasonableness was not in compliance with federal regulations. Moreover, there is the potential that rent could be calculated incorrectly and not be reasonable.
CITY OF TEMPE, ARIZONA
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
YEAR ENDED JUNE 30, 2017

FINDINGS AND QUESTIONED COSTS RELATED TO FEDERAL AWARDS

Finding Number: 2017-001

CONTEXT
For 40 of 40 tenant files reviewed, the PHA utilized a third party vendor computerized database where the rent comparability methodology does not compare similar units. Incomplete information related to 'Census Tracts' were on the rent comparability forms. Moreover, the PHA utilized a rent comparability form that uses factors that are not defined correctly. For example, the factor 'Size' only indicated if the unit was small or large, instead of utilizing square footage. As a result of these issues, the PHA is also inconsistently conducting rent reasonableness at every annual reexamination as required in the PHA Administrative Plan.

RECOMMENDATION
The City must update its policy and methodology for determining and documenting rent reasonableness. The PHA must determine whether the rent to owner is a reasonable rent in comparison to rent for other comparable unassisted units and in accordance with the Administrative Plan. The PHA should consider the nine factors addressed in 24 CFR 982.507(b) in the development of their rent reasonableness program and also ensure the third party vendor computerized database includes all necessary data points.

FINDINGS AND QUESTIONED COSTS RELATED TO FEDERAL AWARDS

Finding Number: 2017-002
Repeat Finding: Yes - 2016-003
Program Name/CFDA Title: Section 8 Housing Choice Vouchers
CFDA Number: 14.871
Federal Agency: U.S. Department of Housing and Urban Development
Federal Award No.: N/A
Pass-Through Agency: N/A
Questioned Costs: N/A
Type of Finding: Noncompliance, Material Weakness
Compliance Requirement: Special Tests and Provisions

CRITERIA
The public housing authority (PHA) is required to enter into depository agreements with their financial institutions in the form required by HUD. The agreements serve as safeguards for Federal funds and provide third-party rights to HUD. Among the terms in many agreements are requirements for funds to be placed in an interest-bearing account (24 CFR section 982.156). Moreover, PHAs are required to maintain complete and accurate accounts. In addition, the PHA must adopt a written administrative plan that establishes local policies for administration of the program in accordance with HUD requirements (24 CFR 982.54).

CONDITION
The PHA did not have a current General Depository Agreement (GDA) (form HUD 51999) as required by the Annual Contributions Contract (ACC, form HUD 52520) for all financial institution accounts where HCV funds are maintained for the entire fiscal year. In addition, the PHA’s Administrative Plan was not properly approved in a timely manner.

CAUSE
The City lacked the proper internal controls to ensure compliance with the federal regulations over General Depository Agreement and Administrative Plan.

EFFECT
The City was not in compliance with all special test and provisions requirements.

CONTEXT
An updated GDA was approved in December 2016. In addition, the PHA had been updating the Administrative Plan annually, but was not taking it to HUD or the City council for approval. The City council approved an updated Administrative Plan in March 2017.
FINDINGS AND QUESTIONED COSTS RELATED TO FEDERAL AWARDS

Finding Number: 2017-002

RECOMMENDATION
The City must execute an updated General Depository Agreement and Administrative Plan at the beginning of the fiscal year.

**Federal Agency:** U.S. Department of Housing and Urban Development

**Pass-Through Agency:** N/A for Community Development Block Grants/Entitlement Grants and Maricopa County for HOME Investments Partnership Program

**Type of Finding:** Noncompliance, Material Weakness

**Compliance Requirements:** Subrecipient Monitoring

**CRITERIA**
Before disbursing any CDBG or HOME funds to a subrecipient, the recipient shall sign a written agreement with the subrecipient. The agreement shall include provisions concerning the statement of work, records and reports, program income, and uniform administrative requirements (24 CFR section 570.503). Further, if the subrecipient provides HOME funds to for-profit owners or developers, non-profit organizations, subrecipients, homeowners, homebuyers, tenants receiving tenant-based rental assistance, or contractors, the subrecipient must have a written agreement that contains the applicable provisions in 24 CFR section 92.504(c). Also, in accordance with 2 CFR section 200.331, pass-through entities must monitor activities of the subrecipient to ensure the subaward is properly used.

**CONDITION**
For subrecipients that received HOME and CDBG monies, the City did not always have written agreements with the subrecipient before disbursing monies. Moreover, proper monitoring of the subrecipient on an annual basis was not performed. Also, the City's subrecipient monitoring tool had not been updated since 2011.

**CAUSE**
The City lacked the proper internal controls to ensure compliance with subrecipient monitoring.

**EFFECT**
The City was not in compliance with all subrecipient monitoring requirements.
FINDINGS AND QUESTIONED COSTS RELATED TO FEDERAL AWARDS

Finding Number: 2017-003

CONTEXT
For two of three subrecipients that received CDBG monies, monies were disbursed before official contracts/agreements were signed. For all three subrecipients that received CDBG monies and for one subrecipient that received HOME monies, there was a general lack of subrecipient monitoring. First, there were no procedures performed to determine reasonable assurance that the subrecipient administers federal awards in compliance with federal requirement. Additionally, single audit reports were not maintained for the most recent fiscal year.

RECOMMENDATION
The City should enhance its internal controls and monitoring procedures over subrecipients.

VIEWS OF RESPONSIBLE OFFICIALS

FINDINGS AND QUESTIONED COSTS RELATED TO FEDERAL AWARDS

Finding Number: 2017-004  
Repeat Finding: No  
Program Name/CFDA Title: Community Development Block Grants/Entitlement Grants  
CFDA Number: 14.218  
Federal Agency: U.S. Department of Housing and Urban Development  
Federal Award No.: N/A  
Pass-Through Agency: N/A  
Questioned Costs: N/A  
Type of Finding: Noncompliance, Material Weakness  
Compliance Requirement: Equipment and Real Property Management

CRITERIA
Real Property Management regulations as stated in 24 CFR 570.505 apply to real property within the recipient’s control which were acquired or improved in whole or in part using CDBG funds in excess of $25,000. The following are the requirements for properties that are applicable:

(a) A recipient may not change the use or planned use of any such property (including the beneficiaries of such use) from that for which the acquisition or improvement was made unless the recipient provides affected citizens with reasonable notice of, and opportunity to comment on, any proposed change, and either:

1. The new use of such property qualifies as meeting one of the national objectives in §570.208 (formerly § 570.901) and is not a building for the general conduct of government; or

2. The requirements in paragraph (b) of this section are met.

(b) If the recipient determines, after consultation with affected citizens, that it is appropriate to change the use of the property to a use which does not qualify under paragraph (a)(1) of this section, it may retain or dispose of the property for the changed use if the recipient’s CDBG program is reimbursed in the amount of the current fair market value of the property, less any portion of the value attributable to expenditures of non-CDBG funds for acquisition of, and improvements to, the property.

(c) If the change of use occurs after closeout, the provisions governing income from the disposition of the real property in § 570.504(b)(4) or (5), as applicable, shall apply to the use of funds reimbursed.

(d) Following the reimbursement of the CDBG program in accordance with paragraph (b) of this section, the property no longer will be subject to any CDBG requirements.

CONDITION
The City did not ensure properties purchased with CDBG monies were utilized for their intended purposes in a reasonable amount of time. Additionally, that fact was not communicated to affected citizens with reasonable notice.
FINDINGS AND QUESTIONED COSTS RELATED TO FEDERAL AWARDS

Finding Number: 2017-004

CAUSE
The City lacked the proper internal controls over real property management.

EFFECT
The City was not in compliance with federal regulations.

CONTEXT
The CDBG program was not properly utilizing properties purchased with CDBG monies. The City has approximately 10 properties that were purchased between 1998 and 2006 that have not been used for their original purpose. Therefore, the planned use for those properties has not been fulfilled.

RECOMMENDATION
Properties purchased with CDBG must be used for program purposes in a timely manner. For the properties mentioned above, they must be utilized or disposed of under allowable methods.

VIEWS OF RESPONSIBLE OFFICIALS

CFDA Number: 14.871
Federal Agency: U.S. Department of Housing and Urban Development
Federal Award No.: N/A
Pass-Through Agency: N/A
Questioned Costs: N/A
Type of Finding: Noncompliance, Significant Deficiency
Compliance Requirement: Special Tests and Provisions

CRITERIA
For units under a housing assistance payment contract that fail to meet Housing Quality Standards (HQS), the public housing agency (PHA) must require the owner to correct any life threatening HQS deficiencies within 24 hours after the inspections and all other HQS deficiencies within 30 calendar days or within a specified PHA-approved extension (24 CFR Sections 982.158(d) and 982.404).

CONDITION
The City did not have an internal control system in place to ensure reinspections were performed in a timely manner.

CAUSE
Due to a lack of knowledge and training provided to inspectors, some inspections were not re-examined within the required amount of time as stated in Housing Quality Standards.

EFFECT
Reinspections were not completed within the required time for failed inspections. The City did not have proper internal controls to ensure compliance with enforcement requirements under Housing Quality Standards.

CONTEXT
For two of 10 failed inspections reviewed, the reinspection was not completed within 30 days.

RECOMMENDATION
The City should ensure enforcement of Housing Quality Standards is followed in line with City policy. Staff trainings over compliance should be completed.

Federal Agency: U.S. Department of Housing and Urban Development
Federal Award No.: N/A
Pass-Through Agency: N/A
Questioned Costs: N/A
Type of Finding: Noncompliance
Compliance Requirement: Reporting

CRITERIA
Grantees of the Community Development Block Grant Entitlement Program utilize the Integrated Disbursement and Information System (IDIS) to complete annual performance and evaluation reports. Grantees may include reports generated by IDIS as part of their annual performance and evaluation report that must be submitted for the Program 90 days after the end of a grantee’s program year.

CONDITION
The program year 2016 C04PR26 – CDBG Financial Summary Report did not disclose program income or funds disbursed in IDIS for section 108 repayments.

CAUSE
The City has not worked with HUD to ensure proper reporting can be completed related to section 108 repayments.

EFFECT
An incomplete CDBG Financial Summary Report was submitted to the U. S. Department of Housing and Urban Development for the 2016 program year.

CONTEXT
The C04PR26 – CDBG Financial Summary Report is filed annually. The program year 2016 covers the July 1, 2016 – June 30, 2017 time period and was submitted by the September 30, 2017 deadline.

RECOMMENDATION
The City should ensure financial reports are complete and accurate before submission.

FINDINGS AND QUESTIONED COSTS RELATED TO FEDERAL AWARDS

Finding Number: 2017-007  
Repeat Finding: No  
Program Name/CFDA Title: HOME Investment Partnerships Program  
CFDA Number: 14.239  
Federal Agency: U.S. Department of Housing and Urban Development  
Federal Award No.: N/A  
Pass-Through Agency: Maricopa County  
Questioned Costs: N/A  
Type of Finding: Noncompliance, Significant Deficiency  
Compliance Requirement: Special Tests and Provisions

CRITERIA
During the period of affordability (i.e., the period for which the non-Federal entity must maintain subsidized housing) for HOME assisted rental housing, the participating jurisdiction must perform on-site inspections to determine compliance with property standards and verify the information submitted by the owners no less than (a) every 3 years for projects containing 1 to 4 units, (b) every two years for projects containing five to 25 units, and (c) every year for projects containing 26 or more units. The participating jurisdiction must perform on-site inspections of rental housing occupied by tenants receiving HOME-assisted tenant-based rental assistance to determine compliance with housing quality standards (24 CFR sections 92.209(i), 92.251(f), and 92.504(d)).

CONDITION
The City has not been performing on-site inspections within the required amount of time for properties that are in the period of affordability.

CAUSE
Due to turnover at the City, monitoring procedures to ensure compliance were not in effect.

EFFECT
The City was not in compliance with federal regulations.

CONTEXT
For all three properties that are in the period of affordability, the properties required on-site inspections every two years. Prior to the current fiscal year, one property had not had an on-site inspection since 2014 and the other two properties had not had an on-site inspection at all. All three properties have had or are in the process of having on-site inspections in fiscal year 2017.

RECOMMENDATION
The City must ensure on-site inspections are done within required time intervals.

Findings and Questioned Costs Related to Federal Awards

Finding Number: 2017-001
Program Name/CFDA Title: Section 8 Housing Choice Vouchers
CFDA Number: 14.871
Contact Person: LeVon Lamy
Anticipated Completion Date: July 26, 2017
Planned Corrective Action: The Tempe Housing Authority has changed software providers to determine rent comparability. The new software was implemented on July 26, 2017 and has been determined compliant with all guidelines by our HUD Phoenix Field Office Representative. All rent reasonableness determinations as of the implementation date have utilized the new software.

Finding Number: 2017-002
Program Name/CFDA Title: Section 8 Housing Choice Vouchers
CFDA Number: 14.871
Contact Person: LeVon Lamy
Anticipated Completion Date: February 13, 2017.
Planned Corrective Action: The Tempe Housing Authority fully executed the required General Depository Agreements (GDA’s) for all accounts as required by the Annual Contributions Contract on February 13, 2017. Additionally, updated GDA’s were executed on September 7, 2017. The next updated GDA is scheduled to be executed on October 1, 2018 as the HUD Form 51999 is expected to be updated prior to that date. The October execution of the GDA allows for the annual execution to include the most current verbiage from HUD.

Finding Number: 2017-003
Program Names/CFDA Titles: Community Development Block Grants/Entitlement Grants, HOME Investment Partnerships Program
CFDA Numbers:
- Community Development Block Grants/Entitlement Grants: 14.218
- HOME Investment Partnerships Program: 14.239

Contact Person: LeVon Lamy
Anticipated Completion Date: December 1, 2017
Planned Corrective Action: Staff began updating policy and procedure manuals around June of 2016 to assess the (then) current process of monitoring sub-recipient. On December 1, 2017 an updated policy and procedure manual was implemented to ensure appropriate sub-recipient monitoring. Additionally, on December 1, 2017 a schedule was created detailing the sub-recipient monitoring risk analysis. To further enhance the oversight and internal controls, the monitoring of sub-recipient was integrated as a primary function of their job duties. There is a quarterly review of all current sub-recipient, when the next monitoring is scheduled and the results of the previous monitoring (if applicable). Additionally, as requests for reimbursement are received from sub-recipient all submitted documentation is reviewed and any questions are addressed at that time. As part of the reimbursement process, we are also monitoring program accomplishments to ensure effective utilization of funds.

Planned Corrective Action: Staff has updated the policy and procedure manual following best practice and HUD guidance. Any future properties will have an identified and documented eligible activity in place prior to purchase. Additionally, all currently held CDBG properties either have fully executed development agreements or are in the process of negotiating a development agreement. At this time, no properties have been identified as having been used for ineligible purposes and staff is working to ensure the properties fulfill their purpose in a timely manner. It is important to note that the intended purpose of the properties has not changed, and we are continuing with the pursuit of the development of affordable housing.
