All of the courts feature PlaySight Play technology. This is a system of two high-performance HD cameras installed on court which is connected to the internet. This connection is what turns a court into a SmartCourt: a line calling, video recording and analytics system available to the player while on court. You can live stream in HD to a global tennis audience. Record every serve, stoke and winner and review the video off-court afterwards.

KTC has been recognized by the United States Tennis Association (USTA) as one of the outstanding public tennis facilities in the country for its programs and services and offers a full-range of programs and playing opportunities for all ages and ability levels.
