- Soccer 6v6
- Softball

How to register a team for a league:

- Online
 - You may register online through the ActiveNet registration system. You can access the system by visiting our website at www.tempe.gov/adultsports.
 - Don't have an account? It's recommended that you create an ActiveNet account in advance to save you time.
- In Person
 - Register in person at the Recreation Division Office, 3500 S Rural Road, 2nd floor of the Tempe Public Library. The office is open Mondays – Fridays, 8:00am – 5:00pm (excluding city holidays/closures).
- Use the specific registration code assigned to the league/division you are wanting to register into.
- Each team will have an identified Manager and this is the account to whom the team will be registered.

Registration fees, how to pay, refunds and unpaid balances:

- Accepted forms of payment:
 - Credit Cards (Visa, MasterCard, Discover, American Express).
 - Cashier's Check, Money Order, Electronic Check, Company Check (needs to be made out to "City of Tempe"). No personal checks will be accepted.
- Full registration payment is due at the time of registration. Returning teams will have a one-week grace period to pay their fee (if registering in person). Online registration requires full payment. If the fee remains unpaid at that time your team will be withdrawn and the spot will be open to any team to register into.
- Due to the limited space in our leagues, once a team has registered and paid refunds will not be provided unless the league has been cancelled.
- Refer to the specific sport for the registration fee. Each sport has a different fee.
- Registration is done by team, not individual, so when registering we can only accept full payment, not partial.
- Account/Teams/Managers with unpaid balances will not be registered until their prior balance is paid in full.
 - Due to how quickly leagues can fill it is highly recommended that unpaid balances are taken care of before the day you try to register for a new league.

Priority registration versus open registration

- Many of our leagues offer a priority registration period to returning teams who participated in the previous season before we open the remaining spots to all interested teams.
- If a team plays a season and then skips the next season, they will be considered a new team for the next league registration period and will only be eligible to register when the open registration period comes available.
- No exceptions will be made for a team that forgets to register during their priority window. Once the open registration window becomes available to all teams, both returning and new, are able to register.
- Registration windows can vary from sport to sport. Please refer to each specific sport to see when registration takes place.

Free agents/individual players

- We have many individuals who want to get involved but aren't able to field a full team. No problem! For any individuals looking to get involved we ask that they fill out a "Free Agent" form on our website. We will then send your information out to teams to connect Free Agents with interested teams.
