About the Cover:

Swing by the state-of-the-art Kiwanis Tennis Center.

Tempe’s newly renovated Kiwanis Tennis Center brings the game of tennis into the millennium with high-definition cameras that record every stroke and can be livestreamed worldwide.

Kiwanis Tennis Center is the first public facility in the nation to feature PlaySight video technology on all of its courts, which includes two high definition cameras on each court that record stroke speed and track analytics while letting family and friends watch the match live from anywhere in the world. The technology will help attract tournaments and special events from across the country.

The new courts also have post-tension concrete surfaces with Plexicusion Prestige, which is the official surface of the Australian Open, new fencing, windscreens and 50-foot energy-efficient LED lighting. The courts were completely re-designed and now offer spectator seating between them with shade canopies for an improved viewing experience.

Check out pages 56-58 to find our tennis offerings or visit tempe.gov/tennis.
