 of landscape prior to conversion: _____

Property Owner or designee: _____
 Signature Date

The City of Tempe is offering two new one time rebates:

Landscape Conversion - The City will offer .25 cents per square foot of turf removed up to \$3000.00 to remove grass and install desert landscaping on any commercial or Industrial Property.

Strip Removal Rebate - The City will offer \$1.00 per lineal foot up to \$500.00 to remove strips of grass between the curb and the sidewalk. These strips are hard to water and usually water more of the street than the turf.

Note: All rebates provided will be on a first come, first served basis, subject to availability of funds
