City of Tempe Customer Service (billing, account information, Surepay or other payment methods)
480-350-8361, 8 a.m. to 5 p.m., Monday-Friday

Schedule

Water is delivered from 10 p.m. Sunday through Friday evening. No water is delivered on weekends. Water is not provided in November or December for SRP dry-up. Please call Customer Service to skip one or more runs.

Tips for a successful irrigation

- Inspect the property as it fills.
- Remove pets from the area.
- Trim grass to less than six inches.
- Clear leaves or debris from pipe under pavement.
- Remove items from the yard that could be damaged or pose a safety concern.
- Provide clear access to the irrigation valve.

Valve tampering is a serious issue

Flooded streets, homes, alleys and washed out berms often are the result of customers operating their own valves. Please allow Tempe staff to perform this service. If there is a problem with the valve or service, or if someone is tampering with a valve, please call Customer Service at 480-350-8361.
