On March 27, 2020 President Trump signed the CARES Act, Public Law 116-136 to help the Nation respond to the coronavirus (COVID-19) outbreak to be used to prevent, prepare for, and respond to the coronavirus pandemic.

On May 27, 2020 City Council will approve the CDBG-CV plan for the use of a $1,085,269 CDBG-CV Stimulus allocation to the City under the CARES Act. The projects approved meets the CARES Act purpose to prevent and respond to the spread of the coronavirus.

The City will use the $868,215 CDBG-CV funds to eligible activities included but not limited to:

- Acquisition and/or rehabilitation of a facility to provide eligible programming including, but not limited to: workforce development, family self-sufficiency, day shelter, homeless outreach services, and job training.
- Carry out Workforce Development to provide career occupational training needs and create jobs to low-income Tempe residents.
- Provide public services to low-income Tempe residents to provide essential services such as: food, equipment, materials and supplies.
- The City will use $217,053 for administration.

In addition, approximately $442,000 of 2019 HOME funds and 2020 HOME program income will be reallocated to Tenant-Based Rental Assistance to increase funding to meet the urgent need for TBRA assistance in the community under the COVID-19 HOME waiver.

Given the unprecedented economic disruptions caused by the COVID-19 pandemic the COVID-19 waiver allows Public Jurisdictions reduce the comment period to 5 days. The public may comment on this plan starting May 4 through May 9 via email to levon_lamy@tempe.gov. Comments may also be submitted to: (480) 350-8960
