WHAT YOU’LL NEED:
- 1 recycled box
- 1 recycled paper towel roll
- A pair of scissors
- 1 white poster board
- 2 crayons
- 8 rubber bands

HOW TO MAKE:
1. Cut a hole in the middle of recycled box.
2. Pierce 6 holes on each end of the recycled box. Small enough for a rubber band to fit through.
3. Poke rubber band through each end, securing it with a knot.
4. Place a crayon on each end of the bands to elevate the bands for better vibration. Secure these by looping a rubber band around the crayon.
5. Place the paper towel roll at the end of the recycled box and secure with glue.
6. Cover recycled box and paper towel roll with white poster board and decorate.

Make Some Noise with Maracas

WHAT YOU’LL NEED:

- **Container** for the top of maraca: Toy prize containers and Easter eggs work great. For a recycled version, you can use small water bottles or yogurt containers.
- **Filler:** Something that makes noise when shaken together. We used colored rice, but you can grab small items like beans, paper clips, rocks, beads, etc.
- **Handle:** Disposable spoons work great for handles. If you’re using a water bottle, try a cardboard tube.

HOW TO MAKE:

1. Fill the container with the noise making materials
2. Tape container together so the filler does not spill
3. Secure the handle to container with tape
4. Decorate with paint, markers, colorful tape, etc.
5. Shake those maracas and celebrate!
