Return to Play Plan: Outdoor Organized Athletic Activities

Overview
The City of Tempe Parks & Recreation Division supports the return of athletics and competitive sports. The following plan provides guidance and recommendations to safely resume restricted athletic activity in our parks, fields, courts, and outdoor pools. This plan will be updated as new information from local, county, state and federal authorities becomes available.

The Centers for Disease Control (CDC) recognizes the physical and mental benefits of physical activity particularly in this time of the COVID-19 pandemic. Organized physical activity will be reintroduced in a manner that follows guidelines established by public health authorities such as the CDC, ADHS, etc. to reduce the spread of illness amongst athletes, coaches, staff, and the community. This plan outlines mitigation strategies for specific types of organized outdoor athletic activities. Organizations will be required to submit their plan to the City before organized play may resume.

Mitigation Strategies
Requestors must submit a Return to Play Plan at time of reservation submittal. This plan must indicate what mitigation strategies will be used to prevent the spread of infection:

- Occupancy
- Hand Hygiene
- Respiratory Etiquette
- Cleaning & Disinfection
- Symptom Screening
- Physical Distancing
- Face Coverings
- Include messaging to advising all players, referees, coaches and spectators to stay at home if sick or if they were recently exposed (within 14 days) to a person with COVID-19.
- No beer permits will be issued for any outdoor organized athletic reservation at this time
- Failure to comply with the mitigation strategies could result in cancellation of all current and future reservations.
