
Painting Level I & Level II

Oil and Acrylic Painting Materials List

- **Paint Colors**

Titanium White	Cerulean Blue
Cadmium Yellow Light	Prussian Blue
Cadmium Red Light	Phthalo Green and/or Hookers Green
Acra Violet	Yellow Oxide or Yellow Ochre
Alizarin Crimson	Burnt Sienna
Ultramarine Blue	Raw Umber

- **Medium:** Acrylic Painters — Retarding Medium may be desirable for people who find their paint dries too quickly, but it is not required. A small squirt bottle for water may also be helpful.

Medium: Oil Painters — Liquin (highly recommended), Copal, or a mixture of Damar Varnish and Turpentine is required for all Oil Painters. Bring a small covered jar to store it in.

- **Brushes:** Flats — Bristle or Synthetic: #2 or #3, #7, and #12; a flat 1” watercolor brush is also good, especially for Acrylic.

PLEASE NOTE: A good guide to buying brushes is to look at the handle and ferrule. An inferior handle indicates an inferior brush and you will be disappointed with the results.

- **Palette:** Paper, plastic, or glass at least 9” x 12”
- **Surface:** Canvas, Canvas Board (recommended for beginners), or Gessoed Masonite at least 12” x 14”
- **Wash:** Due to the circumstances under which we paint, odorless Turpentine or Turpenoid is required for all oil painters. Please bring a large screw top jar or can. Acrylic cleans with water.
- You may prefer to bring rags or your own paper towels. If not, we have paper towels.
- And last, bring your curiosity, your open mind, and your loving heart.

Painting Level I & Level II

By obtaining any or all of these materials before the first session, your first meeting will be much more productive. If you already have materials, please bring them. If you have any questions, please call the Pyle Center at 480/350-5211 and we will have the instructor, Donna Levine, call you back.

If you do not have materials:

Either Oil or Acrylic paint is fine (no watercolor in this class).

Oil: dries slowly – turpentine clean-up

Acrylic: dries quickly – water clean-up
