I believe in projects like the Crosscut Canal Multiuse Path, which encourage people to spend time outside, walking and biking, exploring their cities. They are the projects that I seek out, because they are what will make our communities strong. I look forward to the opportunity to work with you in designing a place that will become a place of beauty, rest, and connection for the community.

Below are a few examples of artwork that I have created for multiuse paths like the Tempe Crosscut Canal.

↑Sculptural shade structure - MetroCenter Levee

↑ Moire fish fence - MetroCenter Levee

↑ Decorative stair railing - MetroCenter Levee

↑ Cast concrete flood wall - MetroCenter Levee

↑ Cut-steel fence panels - Shelby Street Bridge

↑ Sandblasted fish in floodwall - MetroCenter Levee

↑ Cast-concrete boat seat sculptures - Shelby St. Bridge

↑ Day of the Dead Traffic Circle Signs - Dunbar Spring
